

The Yun Family's Ninth Child is an Imp! Chapter 2530

After Yun Chujiu finished her powerful words, her eyes turned red. She bit her lips tightly, looking wronged but stubborn.

Everyone had a scale in their hearts. After hearing Yun Chujiu's words, they could not help but look at the head of the fan family with disapproval.

The little girl was right. She was not full of herself. Why would she make up such a lie for no reason? ! Besides, if she were to lie, she only needed to send a team of people to the Tian Yuan continent to investigate and they would be able to expose her lie. Would she be that stupid?

The head of a super family actually made things difficult for a junior. This was really too much.

"Fan Zhenqing, you, an old man who is half buried, bullying a little girl, isn't that a little too disloyal?" The little girl was right. It's not like she was full of herself and made up such a lie." An old man with white hair and beard curled his lips and said.

"Cao Menghai, shut up! You still haven't settled the debt of stealing our fan family's spirit stone mine. What right do you, a thief, have to talk to me? !" The head of the fan family immediately pointed the spearhead at the old man.

“What a joke. What does your fan family have to do with me losing the Spirit Stone Mine? ! Don’t tell me that your fan family is going to be the scapegoat for just lying and complaining about losing something?”

“You, you are twisting the facts! The miners of our fan family have all gone to your Cao family. If you didn’t steal the Spirit Stone Mine, then who did? !”

A certain Jiu, who was wiping her tears with a handkerchief, secretly said in her heart, ‘I, I stole it. If you have the ability, come and bite me!’! No Wonder Fan Mingchuan and fan suxue were like that. It turned out that the upper beam was not upright while the lower beam was crooked. This old thing was also not a good thing!

Just as the head of the fan family and the head of the Cao family were quarreling with each other, the old man who was sitting on the chair to the left placed the teacup in his hand on the table heavily and coughed.

The head of the fan family and the head of the Cao family immediately stopped fighting. They glared at each other and did not say anything else.

Yun chujiu thought to herself, looks like the strength of the Hun Yuan sect and the Shi Yuan sect are much stronger than the super families! Otherwise, the head of the fan family and the head of the Cao family would not be so obedient like rats seeing a cat.

Alliance Master Yan of the Sky Bearing Alliance seemed to have fallen asleep just now. It was only now that he laughed and said, "The head of the fan family is also doing this to be cautious. Little Girl, don't take it to heart."

Yun chujiu cursed in her heart. What a wily old fox! But on the surface, she said respectfully, "This junior understands that senior fan is a highly respected senior. Not to mention just saying a few words to me, even if you beat me up, I wouldn't have any complaints."

The corners of everyone's eyes twitched. This little girl really knew how to talk. Saying this made the fan family's patriarch seem a little petty.

Alliance Master Yan coughed dryly twice. "Little girl, regarding the Divine Devil Hall, do you have anything else you need to add?"

"That Divine Devil Hall has a kind of strange medicinal pill. After a person consumes it, their cultivation speed will be much faster. They also use this kind of medicinal pill to rope in people to work for them.

"Other than that, I've also seen them use secret techniques. I've seen a total of two types. One is that after forming a seal, the image of a resurrection Lily will appear, and then the resurrection Lily will turn into countless poisonous arrows. "The other is that after forming a seal, the person would disappear on the spot."

After Yun Chujiu finished speaking, she also demonstrated the hand gestures of the two secret techniques.

Everyone was in an uproar again. Although the medicinal pills of the Divine Devil Hall sounded quite magical, they probably had side effects.

What shocked them was that the second secret technique could actually make people disappear on the spot? Wouldn't that be teleportation?
