

The Yun Family's Ninth Child is an Imp! Chapter 2532

The old man on the right, Master Baili of the primordial chaos sect, said calmly, "I agree with Master Xiahou's suggestion. Since we can't find any traces of the Divine Devil Hall for the time being, it's feasible to prevent it before it happens."

Chief Yan then asked for the opinions of the others. Since the two big shots had already made the final decision, what could they say? They could only express that the two big shots were wise and that what the two big shots said was right and so on.

Everyone originally thought that this meeting would be held for a very long time. After all, this was a major event. Who would have thought that it would be completed in less than an hour!

After everyone's flattering words were finished, the atmosphere in the meeting hall became slightly awkward.

Alliance Master Yan was also very helpless. If he were to extrapolate based on past experience, the meeting would need at least four hours before the lunch banquet would naturally begin.

But now, it was actually finished in such a short time. He couldn't possibly eat lunch right after breakfast, right?

Why not let everyone return to the guest house first? It didn't seem too good, what should he do? He couldn't just sit there like a fool, right?

Just as Alliance Master Yan was in a dilemma, he caught a glimpse of Yun chujiu eating the sweet pastries like a little squirrel. Actually, there were tea and pastries on the table next to each guest, but everyone only drank tea at most. No one would really eat pastries.

A certain jiu, on the other hand, was eating very sweetly. Dean Gongsun, who was sitting next to her, glared at her a few times, but this fellow acted as if he didn't see her.

This fellow naturally had her considerations in mind. Her performance just now was too outstanding. She had to let others discover her flaws, otherwise it would attract too much attention.

“Yun Chujiu, what you said before was relatively simple. Take this time to describe in detail what happened in the Divine Devil Hall.” Alliance Master Yan said with a smile.

Yun chujiu almost choked to death on the pastries. Why was Alliance Master Yan so fixated on her? !

The fellow could only wipe his mouth with a handkerchief and said a few words modestly. Then, he began to ramble on about the Divine Devil Hall. In any case, she had dealt with the Divine Devil Hall many times. She could talk for half a day just by randomly picking a few times.

Of course, some things that could not be said, she avoided the main point and only briefly mentioned them. Anyway, this fellow was good at lying, so he was not afraid of being found out.

As Yun Chujiu's speech was vivid and vivid, and these people had never been to the Qing Xuan continent and the Tian Yuan continent, they heard it with great interest.

Midway, someone asked a few questions, and the crowd discussed a few more words. Finally, it was lunchtime.

"Everyone, I have prepared a banquet. Please move to the banquet hall next door." Alliance master Yan heaved a sigh of relief in his heart. Fortunately, there was this little girl, otherwise, it would be a bit troublesome.

Everyone arrived at the banquet hall next door. The banquet hall was also very spacious. Everyone followed the directions of the maids and took their seats.

The servants quickly sent over a sumptuous banquet. Alliance Master Yan said a few words of courtesy before the banquet began.

At the beginning, everyone was still a little restrained. However, after a few cups of spirit wine entered their stomachs, they all let go and toasted with each other. It was very lively.

Yun chujiu naturally buried her head in the food and ate bitterly. As she ate, she felt that it was a pity. These dishes were all poisonous. It seemed that she couldn't bring them back to brother Wuji and Jin Zhi.

Everyone began to take turns toasting. The atmosphere in the banquet hall reached its peak.

Yun chujiu was almost done eating. Only then did she start to size up the crowd. She was ready to see if there was anyone who was behaving abnormally. Perhaps she could find out who was the one who poisoned them.

Unfortunately, after looking around, she did not find anyone suspicious.

Yun Chujiu felt that it was time for the savior of bad news to appear!
