

The Yun Family's Ninth Child is an Imp! Chapter 2535

After three drinks and five dishes, master Baili and Master Xiahou stood up to bid their farewells. Everyone also took the opportunity to bid their farewells.

Alliance Master Yan either personally sent them off or let the people from the sky bearing alliance send them off. Very quickly, the banquet hall became empty.

Dean Gongsun and the others did not leave. After all, they were the source of the matter. No matter what, they had to exchange a few words with Alliance Master Yan before they could leave.

Alliance Master Yan sent the guests back to the banquet hall. He smiled and exchanged a few more words. Then, he said to Yun chujiu, "Little girl, if you have time in the future, you are welcome to visit the sky bearing alliance often."

Dean Gongsun and Dean Duanmu exchanged a look. This little girl had caught Alliance Master Yan's eye.

Yun Chujiu said with a smile, "Thank you, Alliance Master Yan. I will definitely visit you often in the future. However, next time, just let me stay in the yellow room. What they said makes sense. My identity is indeed not qualified to stay in the black room."

"Them? Who said anything?" Alliance Master Yan frowned.

Yun chujiu covered her mouth and looked as if she had let the cat out of the bag. She said hurriedly, "AH, I . . . I was talking nonsense. I thought it myself. Mingyue and the others didn't say anything."

A faint light flashed in Alliance Master Yan's eyes, and he didn't ask any more questions.

A certain jiu of the White Lotus went online and immediately dug up the four servants completely. Sometimes, there was no need to say things too thoroughly. A person like Alliance Master Yan would naturally be able to find out the truth.

At this moment, a maid carried a very big food box and walked in.

Alliance Master Yan smiled and said, "Little girl, I saw that you really like the pastries of our sky bearing alliance. You can take these back and eat them."

Yun chujiu was really a little surprised. She really didn't expect alliance master Yan to give her pastries.

After this guy took the pastries, his heart struggled for a while, he said, "Thank you, Alliance Master Yan. I don't have anything good. I'll give these baskets of coral fruits to you. You can give them to your subordinates and let them have a taste. Maybe it will really bring them luck! After all, back then, I could turn into spiritual power even without spiritual power. It's really amazing."

Alliance Master Yan smiled as he took the basket. After exchanging a few more pleasantries, Yun Chujiu and the rest took their leave.

Alliance Master Yan did not take Yun Chujiu's words to heart. However, he felt that it was not bad to let his subordinates have a taste of the fruits. Hence, he only kept one basket and gave most of it to his subordinates.

Alliance Master Yan did not know that it was because of these few baskets of coral fruits that the sky bearing alliance was able to avoid the fate of being wiped out a few days later.

Yun chujiu sighed emotionally as she walked out. She was still too soft-hearted. There was definitely a spy from the Divine Devil Hall in the Sky Bearing Alliance. If she had not given alliance master Yan those few baskets of coral fruits just now, the Sky Bearing Alliance might have suffered a heavy blow by then.

Yun chujiu noticed that Mayor Huang did not look too well and seemed to have something on his mind. However, she was not familiar with him, so she could not be bothered to ask. What she was concerned about now was what method the Divine Devil Hall would use to attack them three days later.

Great-grandfather ye had originally planned to leave with the Liu family, but he was dragged onto their flying spirit tool by Yun Chujiu.

Great-grandfather ye was also very familiar with Dean Gongsun and Dean duanmu, so he took advantage of the situation and agreed.

After Yun Chujiu boarded the flying spirit tool, she took out a basket of coral fruits and gave it to the accompanying guards. What a joke. She could ignore the others, but these guards were all combat-capable, so she still had to rely on them to protect her.

Three days passed in the blink of an eye. Yun chujiu checked the various equipment in her storage ring, then leaned on the observation window to look out from time to time.
