

The Yun Family's Ninth Child is an Imp! Chapter 2536

Dean Gongsun and the others thought that Yun Chujiu was curious about the scenery below, so they didn't pay too much attention to it. The four of them drank tea and chatted leisurely.

At this moment, Yun Chujiu cried out in surprise, "Those flying spirit tools are very strange. They seem to be surrounding us!"

Dean Gongsun and the others were stunned. They subconsciously reprimanded, "Nonsense! How is that possible?"

Although they said so, everyone still went to the observation window and looked outside.

They saw four flying spirit tools flying over from four different directions. Their intentions were very obvious. They wanted to surround the flying spirit tools they were riding on.

Dean Gongsun and the others were shocked. What was the background of these flying spirit tools? Why were they surrounding them?

Everyone quickly gave the order to get the guards ready for battle. At this moment, they heard a few guards shouting in panic, "Oh my God! Why is my spirit energy disappearing?"

“Mine too, what’s Going On?”

..

Dean Gongsun and the others subconsciously checked their spiritual power. Fortunately, there was nothing unusual about them. They asked the other guards, but most of them didn’t find anything unusual.

Only then did everyone relax. As for the few guards whose spiritual power had begun to dissipate, they were like this because they didn’t like the coral fruits that Yun chujiu had given them. They didn’t want to eat them at all. That was why they were like this.

Of course, everyone didn’t know what was going on inside. They treated it as if these people had eaten something by mistake and didn’t take it to heart.

At this moment, the four flying spirit tools had already surrounded Yun chujiu’s flying spirit tools.

Mayor Huang shouted through the porthole, “Who are you people? Why are you surrounding our flying spirit tools? Don’t you know who we are?”

A sinister voice came from one of the flying spirit tools, "Humph, of course we know who you are. One is the principal of Xingtian Academy, one is the principal of Huoshi Academy, one is the city lord of Tianluo City, and that Damn Yun Chujiu!"

Yun Chujiu's heart trembled. Damn it! Why did he mention her name? It seemed that she really belonged to the Divine Devil Hall! If it was any other force, they would not hate her so deeply. It was simply unforgettable, right? !

Mayor Huang's expression changed. "Who are you people? Since you know our identity, why are you stopping us?"

"Who are we? Didn't you guys discuss how to deal with us? What a joke! Your foolish actions are all within our Lord's grasp. We can use this opportunity to kill you!

"I presume that your spirit energy has already begun to drain? Hahaha! "You are now like turtles in a jar. If you want to live, then obediently descend and surrender. Otherwise, only death awaits you."That person arrogantly shouted.

Mayor Huang and the others were stupefied. Spirit Energy was beginning to drain? They were clearly very normal, weren't they?

They suddenly thought of the few guards from before. Could it be that the god and Devil Palace had gone on a business trip when they poisoned them? So only those few guards were affected?

Mayor Huang was about to speak when he saw Yun chujiu wave her hand at him.

Mayor Huang was stunned. He did not quite understand what Yun chujiu meant. Then, he saw Yun Chujiu walk near the porthole and screamed, "Ah! My spiritual power! Why is my spiritual power gone? What's going on?"

Mayor Huang and the others immediately understood what Yun chujiu meant. They could only twitch their eyes and shout that their spiritual power had disappeared.

Seeing this, the people on the other side became even more arrogant. "How is it? You Trash want to Go Against Our Divine Devil Hall? You really overestimate yourself! Surrender now, or we won't be polite!"
