

The Yun Family's Ninth Child is an Imp! Chapter 2538

Yun Chujiu had just purchased these chili peppers, and she had specially chosen the hottest ones to buy. The people of the Divine Devil Hall were immediately choked to the point of Tears, and they all cried out in pain.

“My Eyes! My Eyes!”

“What the Hell Is this thing? ! Cough Cough, I’m choking to death!”

..

At this moment, several more talismans attacked them, and immediately, another wave of miserable howls sounded.

Dean Gongsun and the others saw that the fire was almost ready, so they jumped down from the flying spirit tool and began to attack the people of the Divine Devil Hall.

Although the Divine Devil Hall had more people than Yun Chujiu and the others, firstly, their spiritual power was not as high as Dean Gongsun and the others, and secondly, they had been cheated by the chili powder and talismans, so they were at a disadvantage all of a sudden.

Yun chujju did not go down to participate in the battle. Instead, she crouched behind the observation window and sneakily attacked them with a small needle of spiritual power.

Poof, poof, poof, poof, poof, poof, poof!

The Man with the silver mask had red eyes like a monkey's buttocks. Only now did he realize that they had been fooled by Yun Chujju!

But why weren't they poisoned? How is that even possible? Is there something wrong with the information? You're Killing Me!

When he saw the tide was turning, he tried to board a flying spirit vessel and escape. Thus, he fought while retreating. Before he could retreat to the side of the flying spirit tool., he heard someone shouting clearly, "That silver-masked man wants to sneak away, don't let him escape! Seal the cabin door of the Flying Spirit Tool, he won't be able to escape!"

The silver-masked man was so angry that he gritted his teeth. No wonder the higher-ups wanted to kill this Yun chujju. Not only was this wretched girl full of tricks, but her thoughts were also too vicious!

The man gritted his teeth. Now that things had come to this, he could only sacrifice his life to protect the cart.

Thus, the man bit his index finger. Just as he was about to form a seal, he heard Yun Chujiu shout, "He's going to use a secret technique to teleport! Don't let him form a seal. Let's gang up on him and beat this shameless bastard to death!"

The man was so angry that he almost spat out a mouthful of blood. This Yun Chujiu was simply not human. How did she know his plan?

Dean Gongsun and the others received Yun Chujiu's hint and quickly surrounded the silver-masked man.

Yun Chujiu was still boisterous. "Hey! Little Fools of the Divine Devil Hall, Listen Up. Your silver-masked leader clearly wants to escape for his own life. He is treating you as abandoned children! Are you willing to be played by him just like that?"

If you want to live, surrender now. Otherwise, only death awaits you. "I know you all have poison in your mouths, but it's better to die than to live. Why Bother?"

The eyes of the people from the Divine Devil Hall were swollen like peaches. They had been beaten up by Mayor Huang and the others, so they were no longer in the mood to fight. Now that they heard Yun Chujiu's words, their desire to live had gained the upper hand. Most of them expressed their surrender, but a few of them still resisted.

Fifteen minutes later, the dozen or so people were killed, and the silver-masked man was also captured alive. He had wanted to commit suicide by taking poison, but unfortunately, divination nine had already warned Dean Gongsun and the others, so he didn't succeed.

Yun chujju saw that the situation was set, so she jumped down from the flying spirit tool.

This guy walked up to the silver-masked man and curled his lips. "A fool like you still wants to kill me? There are four flying spirit tools, and the number of people is three times more than ours, yet none of them succeeded. Tell me, how can you be so stupid?"

The silver-masked man was so angry that he kept twitching. "Yun Chujju, don't be so smug. Although our group failed, the other groups will definitely succeed. "I'm warning you, you'd better be more polite to me. Perhaps you'll still have a way to live in the future."
