

## The Yun Family's Ninth Child is an Imp! Chapter 2540

"Mayor Huang, what's our next step? Should we return to Tian Luo City or go to the sky bearing alliance to take a look?" Dean Gongsun asked.

Just as Mayor Huang was hesitating.., Yun Chujiu came over and said, "Seniors, since the Sky Bearing Alliance is fine, it doesn't matter if we go there later. Now that we have a good opportunity to help others, we can't let it go!"

Everyone was puzzled. "What opportunity?"

"Didn't the silver-masked man just say that there are still many people from the Divine Devil Hall who are going to kill other guests? Just because we aren't poisoned doesn't mean that those people aren't poisoned. Moreover, most of them arrived later than us, so the poison probably hasn't spread yet!"

Therefore, it's still not too late for us to rescue a few batches. "Regardless of whether it's a favor or morality, we won't make a loss by doing this," Yun Chujiu said with a smile.

Mayor Huang glared at her. "What are you talking about? ! It's not a business, what loss is there to talk about!"

Yun Chujiu shrunk her neck and was about to defend herself, however, she heard Mayor Huang say, "However, what you said makes sense. "When we save them, how can they not give us a single cent? "I

heard that the Cao family is rich and is not too far away from our route. Why don't we go and save the Cao Family First?"

Yun Chujiu:"..."

F \* ck! So this old fellow is more calculative!

Great-grandfather ye had the intention to go and save the fan family first, but Yun Chujiu did not give him the chance to open his mouth at all, he directly retorted, "Great-grandfather Huang, what you said makes sense! Let's Go and save the Cao family. As for the fan family, forget it. Since that fan family head likes to use coercion so much, let him use coercion to take care of the people from the Divine Devil Hall!"

When great grandfather ye heard her say this, how could he still have the face to say that he was going to save the fan family? Moreover, he felt that since they were not poisoned, perhaps the fan family and Cao family were not poisoned either.

During the flight of the Flying Spirit Tool, Yun Chujiu began to brainwash the people from the Divine Devil Hall. From the medicinal pills they took to the sinister intentions of the Divine Devil Hall, and from their sins to their future in life, she told them one by one that they almost had nothing left to live for.

When this fellow saw this.., he then said, "Actually, you are not hopeless. There is a great opportunity right in front of you. "You heard it just now. We are going to save people. This is a good opportunity for you to turn over a new leaf and turn over a new leaf."

Those people from the divine devil temple were like drowning people grasping at straws. “Miss Yun, what do you want us to do?”

“It’s very simple. When we arrive at the rescue location, pretend that you’ve captured us. “Those people will definitely let down their guard and stab you in the back when you get close to them. “As long as this is done, I can make the decision to spare your lives. If you perform well, I’ll let you go.”

Yun chujiu patted her chest and said confidently. An inappropriate thought flashed through her mind. F\* ck, why was her chest flat? Damn Gou Weiba!

Gou Weiba:” ...”

Regardless of whether it was the people from the Divine Devil Hall or Mayor Huang and the others, they felt a chill down their spines when they heard Yun chujiu’s words. This little girl was really full of bad intentions. It was best not to offend her in the future.

The people from the Divine Devil Hall were originally people who were eager for quick success and instant benefits. Now, in order to survive, they had no other choice, so they all expressed their willingness to listen to Yun Chujiu’s arrangements.

Of course, Yun Chujiu would not believe them just because they said a few words. After she made them swear a poison oath, she then released their spiritual power shackles.
