

## The Yun Family's Ninth Child is an Imp! Chapter 2541

Yun chujiu also knew that even if these people had made a poison vow, they could still take advantage of the loophole in the vow or slack off in their work.

However, she did not plan to use them for a long period of time. At least for now, they did not dare to play any petty tricks.

Yun chujiu blinked her eyes and told the people of the divine devil temple how to do it. Those people nodded their heads repeatedly and lit a candle for their accomplices.

At that moment, the Cao family's patriarch was at his wit's end.

The Cao family's patriarch had also just received a voice transmission talisman from Alliance Master Yan, but he was now unable to respond to it. There were still a few days' journey away from the Cao family and it was too late for the Cao family's people to rush over.

He could only hope that he and his guards were not poisoned. After all, they had not yet discovered the loss of their spiritual powers.

However, his hope was quickly shattered.

Other than him, all the guards' spiritual power had begun to drain, and the rate of loss was very fast.

What was worse was that four flying spirit tools had already surrounded their flying spirit tools, forcing them to land on the ground.

"Family head, we will hold them off in a while. Please leave quickly! Your spiritual power is superb. You will definitely be able to get rid of them," said the head of the guards.

Although the head of the Cao family was unwilling, he knew that there was no other way. After all, even if he stayed, he would still be outnumbered.

The cabin door of the Flying Spirit Tool opened. Just as the guards of the Cao family were about to go down and buy time for the head of the Cao family, they saw a luxurious flying spirit tool flying over from afar.

The head of the Cao family could not help but feel overjoyed. He recognized that this flying spirit tool belonged to Mayor Huang of Tianluo City. Could it be that they had come to save him?

However, the head of the Cao family was soon disappointed because someone inside the flying spirit tool shouted, "Brothers, you have worked hard! We have already captured Yun Chujiu and Mayor Huang! We have come to give you a helping hand!"

The heart of the head of the Cao family felt as if it had fallen into an ice hole. He had originally thought that it was the reinforcements, but he did not expect that it was the people from the Divine Devil Hall. Although his spiritual power was superb, there were too many people on the other side. He was afraid that he would have to pay a great price to escape.

The people from the Divine Devil Hall were very happy. Although they thought that they were almost certain, it was always good to have more helpers.

After the flying spirit tool landed, dozens of black-masked men stepped down from the flying spirit tool, one of them bowed to the silver-masked man. "Sir, our sir is guarding that Yun Chujiu. You know that wretched girl is full of tricks. Our Sir is not at ease to let others watch."

The silver-masked man felt a little envious and jealous. He said with a slightly sour tone, "Your Lord has made a great contribution this time. He is really lucky!"

Those black-masked men laughed and said a few words. Then, they naturally stood behind those people from the Divine Devil Hall.

The silver-masked man saw that the patriarch of the Cao family had not come down yet. He curled his lips and said, "Patriarch of the Cao family, do you want me to invite you? Hurry up and come down!"

The head of the Cao family gritted his teeth. Just as he was about to let the guards of the Cao family take action, he heard waves of screams coming from the people of the Divine Devil Hall.

He was stunned to find that those black-masked men had actually stabbed him in the back. Moreover, many people had come down from that luxurious flying spirit tool. It was actually mayor Huang and the others.

What, what was going on? Didn't they say that they had been captured? Also, what was going on with those black-masked men?

The Cao family's patriarch was stunned. The silver-masked man and the people from the Divine Devil Hall were even more dumbfounded!

Right at this moment, a smiling voice came from the luxurious flying spirit tool. "Hey! People from the Divine Devil Hall, let me ask you one thing. Are you surprised? Are you pleasantly surprised? Do you feel that it's very interesting?"
