

The Yun Family's Ninth Child is an Imp! Chapter 2547

Fan Mingchuan managed to maintain the smile on his face with much difficulty. He thought that his mission this time would be completed smoothly. After all, he was more than ten thousand times stronger than Yun Chujiu in all aspects.

She was only the stepdaughter of a first-class family, yet she did not know how to appreciate favors. She was really shameless!

Fan Mingchuan's heart was filled with resentment. If not for Old Master Fan's orders, how could he have come to curry favor with such a rude woman? Even Ye Bingying was much better than her!

It was also possible that this Yun Chujiu's mind had not opened up yet, so she did not realize his intentions? Otherwise, how could she turn a blind eye to his goodwill?

Old Master Ye was the first to leave the banquet. Then, Fan Mingchuan put down his chopsticks, and everyone stood up to leave.

Liu Shi said with a smile, "Mingchuan, if you have anything you need, feel free to tell your aunt. You can also look for your cousin Bingying."

Ye Bingying looked at Fan Mingchuan shyly when she saw this. She did not expect Fan Mingchuan to just coldly say, "Then thank you, aunt!"

Liu Shi wanted to say something, but she saw fan mingchuan catch up with Yun Chujiu who had already left the banquet hall. "Cousin Jiu, we're on the way. I'll send you back."

Ye bingying bit her lips. On the way? Her courtyard and guest house were on the way. did cousin Mingchuan really like that B * Tch?

Yun chujiu felt that this fan Mingchuan was as annoying as a fly. If she wasn't afraid of offending the fan family, she would have kicked him away.

This fan Mingchuan clearly despised her in his heart, yet he had to put on an affectionate expression. was he crazy!

"Cousin Little Jiu, I heard from my great grandfather that it was thanks to your help that we were attacked by the Divine Devil Hall this time. Cousin Little Jiu, if you don't mind, Can I come to your courtyard to ask for a cup of tea to drink? Then, you can tell me about what happened this time." A warm smile hung on fan Mingchuan's face, there was a hint of flattery in his tone.

Yun Chujiu looked at him inexplicably and said coldly, "I'm sorry, I mind."

Fan Mingchuan: "..."

Fan Mingchuan gritted his teeth and took two steps to catch up with Yun Chujiu. "Little cousin Jiu, there's something I don't know if I should say..."

"Since you don't know, then don't say it!"

Fan Mingchuan: "..."

Fan Mingchuan had never been insulted like this in his entire life. Even though he was also the daughter of a super aristocratic family, she was still affectionate towards him. After all, he was one of the best among his peers.

He didn't expect that he would be insulted by such a trash in his eyes, to the point that he almost couldn't take care of himself! Truly detestable!

When Fan Mingchuan regained his senses, Yun Chujiu had already left without a trace.

"Cousin Mingchuan, little sister Jiu has always had this kind of temper. My aunt and sister Suxue were also bullied by her. Perhaps it's because she grew up in the Qing Xuan continent, so her etiquette is slightly worse."

Ye Bingying had been following the two people not far away. So when she saw fan Mingchuan being bullied, she immediately came over to make things difficult for Yun Chujiu.

Fan Mingchuan said coldly, "Cousin Bingying, gossiping behind people's backs, how good are your manners?"

After fan Mingchuan said that, he did not even look at ye Bingying and directly left.

Ye Bingying's face alternated between green and white. She muddleheaded returned to her own courtyard and smashed the things in the house into pieces.

She did not blame fan Mingchuan. She blamed all these things on Yun Chujiu. It was all because of that slut! Before she came back, everything was going well for her. However, ever since that B * Tch came back, everything was not going well for her. Now, even Mingchuan's cousin was taken away by her. She deserved to die!
