

The Yun Family's Ninth Child is an Imp! Chapter 2554

Yun Chujiu took out her jade token and wanted to ask Dean Gongsun for help. Zhu Jingtong said coldly, "Don't waste your energy. Whether it's the identity jade token or the voice transmission talisman, they are all ineffective here. You will only die today!"

Yun chujiu used her sleeve to cover the small rock on Tiandao Cliff. Unfortunately, she found that it was not easy to use.

At this moment, teacher Wen and Zhu Jingtong launched their attacks at the same time. Yun chujiu could only dodge them. However, although this alchemy room was not small, it was still too small for a fight.

Yun chujiu quickly had no way to dodge, so she could only let out all the stupid Cuties.

Zhu Jingtong curled his lips in disdain. "Those who are raised by trash are also trash. Letting them out is also courting death!"

Yun chujiu ignored him. She let a few dumb beasts attack Zhu Jingtong while she dealt with teacher Wen.

Xiao Heiniao had long been suffocated. All secret realms forbade flying. There was simply no space for it to display its power. Now, it finally had an opportunity.

Thus, it flew above Zhu Jingtong's head and threw a fireball at him.

Xiao Hong howled and used it to disturb his mind.

Xiao Heiniao used its claws to tightly hold Zhu Jingtong's ankle. Xiao Mogu's mycelium took the opportunity to wrap around Zhu Jingtong's waist.

Zhu Jingtong did not expect these little things to be so difficult to deal with, especially the mycelium around his waist. He tried his best but could not break free. His spiritual power began to gradually dissipate.

"Teacher Wen, help! Teacher Wen, Help!" Zhu Jingtong had no choice but to ask teacher Wen for help.

Teacher Wen frowned and ignored Zhu Jingtong's request for help, because he felt that killing Yun chujiu was more important than anything else, so there was no need to waste time to save Zhu Jingtong.

Zhu Jingtong cried out in despair, but teacher Wen was indifferent. In the end, he was burned to ashes by Xiao Heiniao's fireball.

On the other side, Yun Chujiu was left with only a few spiritual tools that she had exchanged for the coral fruit with great difficulty, and her heart was aching. Fortunately, after the dummies killed Zhu Jingtong, they came over to help, giving her a little bit of time to catch her breath.

The dummies used the same trick again. Xiao Mogu entangled teacher Wen. Unexpectedly, teacher Wen snorted coldly and directly used his spiritual power to break free from Xiao Mogu. Moreover, he released a thick poisonous smoke.

Yun Chujiu didn't mind, but the dummies' time to hold their breath was limited. She could only put the dummies into the spirit beast bag, leaving Xiao Mogu who wasn't afraid of the poisonous smoke.

Teacher Wen raised his hand and released a red-horned bloodthirsty poisonous snake, letting it entangle Xiao Mogu. Although Xiao Mogu was good at dealing with humans and demonic beasts, the red-horned bloodthirsty poisonous snake's body was slender and slippery. Its mycelium effect was really limited.

"Stupid girl, I didn't expect you to have a treasure that is impervious to all poisons. It's time for me to take advantage of you!" Teacher Wen's eyes revealed a greedy look as he stepped up his attack.

Yun chujiu secretly complained. It was already good enough that Xiao Mogu could protect herself. It couldn't help her at all. Could it be that she could only hide in the great void mirror?

“Are you people from the Divine Devil Hall? I advise you to stop at the Precipice. The Divine Devil Hall won’t have a good ending.” Yun chujia tried to stall for time while thinking of a way.

“I won’t hide it from you now. That’s right, I am from the Divine Devil Hall. “Initially, the higher-ups wanted to send dozens of people to kill you, but I stopped them. To kill a good-for-nothing like you, I alone am enough. There is no need to mobilize so many people!” Teacher Wen said arrogantly.

“Pui! You Shameless Old Bastard, the one who will die today will definitely be you!”

“You are courting death!”

..

Yun chujia was cursing teacher Wen while anxiously thinking of a solution. Suddenly, she caught a glimpse of the earth fire pipe and her eyes lit up!

Old Man, you want to kill me? I’ll burn you today!
