

The Yun Family's Ninth Child is an Imp! Chapter 2556

From that day onwards, Yun Chujiu became even more cautious in case the Divine Devil Hall tried to assassinate her again.

Time flew by quickly. There was only a little more than a month left until the day the primordial chaos sect opened its doors to recruit disciples.

Yun Chujiu decided to set off for the primordial chaos sect because the journey would take nearly twenty days. Once she reached there, she would make preparations, and the time would be almost used up.

Dean Gongsun almost beat the drums and gongs to send her off. He said with extreme sincerity, "Yun Chujiu, you will definitely be able to enter the primordial chaos sect. I believe in you. You must work hard!"

"Dean, don't worry. Even if I manage to enter the primordial chaos sect, I will often return to the Xingtian Academy to visit you. After all, there are many beautiful memories here," Yun Chujiu said with a smile.

Dean Gongsun ridiculed her. It may be beautiful for you, but it's a nightmare for many people, isn't it? !

Yun Chujiu went to the wa stone academy to pick up Ye Bingyu. The four of them left Tianluo City and rushed to the Ye family to meet up with Ye Bingying.

From the bottom of her heart, Yun Chujiu was unwilling to bring ye bingying along. However, great-grandfather ye had sent many guards to protect them, so they couldn't split the guards into two.

After arriving at the Ye family, great-grandfather ye gave a few more instructions.

“Although I have sent many guards for you, their strength is still too weak. Go to the Fan Family First, meet up with Mingchuan, and then head to the primordial chaos sect together. With the protection of the fan family's guards, I can rest assured.”

Ye bingying naturally could not wish for more. Although Yun Chujiu hated fan Mingchuan, with the protection of the fan family, she could also avoid the assassination of the Divine Devil Hall. It was not unacceptable.

“In addition, Little Jiu and Bingyu, there's an 80-90% chance that you won't be able to pass. When you return, you must also be extremely careful,” old master ye added.

When Ye Bingying heard old master ye say this, although she tried her best to restrain herself, she still revealed a slightly smug expression! So what if the fan family had taken a liking to this slut Yun chujiu. ! She would definitely not be able to get into the primordial chaos sect, but she could meet Ming Chuan's cousin frequently. She did not believe that she would not be able to compete with this little B * TCH.

Ye Bingyu's face was embarrassed. To be honest, she really did not have the confidence to get into the primordial chaos sect. At most, she only had a 10% chance. This 10% chance was still because of Yun Chujiu's evil schemes.

Yun Chujiu said with a cheeky smile, "Great-grandfather, are you saying the opposite? Do you want to say that there's an 80% to 90% chance that we can get in?"

Great-grandfather ye was so angry that he laughed!

"Good! Good! You're an ambitious person. I'll see if you can pass. Alright, it's getting late. Let's hurry up and set off!"

Yun chujiu and the other two brought their guards out of the Ye residence and met up with Xue Wuji and Jin Zhi outside of Ye city. Everyone boarded the flying spirit tool and headed straight for the fan family.

The atmosphere on the flying spirit tool was a little awkward.

After ye Bingying boarded the flying spirit tool, she directly entered her room with an aloof look on her face.

Ye Bingyu had a short crush on Xue Wuji before. That time in the Tianluo mystic realm, because she was in a dangerous situation, she did not have the time to be embarrassed.

But now, it was different. Being on the same flying spirit tool, her young girl's heart started to stir again.

Yun chujiu did not care about this. Every single person had the right to pursue love. As long as they were willing to be together, the heavens would not care.

However, Xue Wuji did not have a good expression. Every word he said could kill ye Bingyu.

Yun chujiu looked at Ye Bingyu's teary eyes and could only secretly ask Xue Wuji, "Brother Wuji, Ye Bingyu clearly has a good impression of you. What do you think of Ye Bingyu?"
