

## The Yun Family's Ninth Child is an Imp! Chapter 2562

The broker finally managed to suppress his excitement. "Miss Yun, I will remember your great kindness in my heart. How much do you want? As long as I can afford it, I will definitely give it to you."

"It's too far-fetched to talk about the reward. I only helped you because I think you are a smart person. Well, you can save four seats for us. Send someone to inform us when we are about to arrive."

As for the money you earn, you just have to share it with me. "Three, seven, four, six is fine. Forget it, let's go 50-50. I'll give you some leeway." Yun chujiu said in a tone that said she was at a disadvantage.

The Broker: "..."

50-50? ! Why didn't You Rob Him? ? ! So he was so busy that he had to give her half of the profits in the end?

"Why? Do you think giving me half of the profits is too much? TSK TSK, what's the most valuable? Wisdom is the most valuable! I can let you earn this wave, and I can also let you earn many waves!"

"In the future, when I enter the Primordial Chaos Sect, you'll have many opportunities to earn money. If you're really unwilling, I won't force you. Just treat it as me giving you a favor. You can just help us take four seats."

After Yun Chujiu finished speaking, she didn't bother with the broker and directly left with Jin Zhi and the others.

After returning to her residence, Jin Zhi asked, "Little jiu, will the broker agree to your request?"

"Don't Worry!! He was an ambitious person. Moreover, with his status, it was impossible for him to hook up with people from the primordial chaos sect. Therefore, even if he felt a little pained, he would still agree. If you don't believe me, we'll just wait and see," Yun Chujiu said confidently.

As expected, that broker came to their door in the evening.

"Miss Yun, you can go over first thing tomorrow morning. I have already sent people to line up there overnight. In addition, the 50-50 split that you said has really put you at a disadvantage. How about we split it 40-60, Me 40-60, you 60-60?"

"After all, you are the one who put in the effort, so let's split it 50-50! Don't worry, you will know that you made the right decision today in the future."

"Also, you have already told others about me looking for a house and a servant. You can not tell anyone that I was involved in this matter. Otherwise, don't blame me for being ruthless."

Yun chujiu's small face darkened, and the pressure on her body was released. The broker almost knelt on the ground.

He felt that this little girl was simply not human. How did he know that someone was asking about her? The broker said in fear and trepidation, "Miss Yun, don't worry. From now on, I, Liu Cai, will definitely listen to your orders."

Yun chujiu nodded, thinking that this person's name was quite auspicious.

After Yun Chujiu sent Liu Cai away, she happily began to eat dinner.

Jin Zhi and the other two looked at each other. Well, this time, they would probably earn quite a lot of money. Other people would spend money to apply for the exam, but this person was here to earn money.

Besides, why didn't Liu Cai think about it? What if this person in front of him couldn't get into the primordial chaos sect?

The three of them shook their heads. They had no choice. This guy was too good at deceiving people. Moreover, he could immediately grasp the weaknesses of others. It was really hard to guard against him.

The next morning, the four of them once again arrived outside the gate of the Primordial Chaos sect.

Liu Cai was very efficient. There were already many small stalls selling water, melons, and breakfast. There were even some who sold the primordial chaos sect's application materials.

Liu Cai was very good at doing things. He had already sent quite a number of fruits to the disciples in charge of the registration, so no one came to chase them away.

When he saw Yun Chujiu and the others coming over, Liu Cai was afraid that he would be exposed, so he didn't say anything. He just let the four people in line give their seats to Yun Chujiu and the others.
