

## The Yun Family's Ninth Child is an Imp! Chapter 2565

Just as Yun Chujiu's mind was running wild, a white light flashed in front of her eyes. When she regained her sight, she realized that she had already entered the Hunyuan sect.

The halls and pavilions were extremely beautiful. There were even misty clouds that lingered around. It was really like a Fairyland on Earth.

Yun chujiu looked around and saw that there were still quite a number of people around her. With this guy's photographic memory, she could tell that these people were those who were originally standing near her.

Of course, Xue Wuji, Jin Zhi, and Ye Bingyu were also beside her.

"Little jiu, what's the meaning of this? Why did you teleport us into the Chaos Origin sect? What do we have to do to pass the first round of the test?" Jin Zhi asked in puzzlement.

Xue Wuji rubbed his chin. "Could this be an illusion? Could it be that we broke out of this illusion and got out?"

Yun chujiu looked at Xue Wuji speechlessly. "Brother Wuji, this is indeed an illusion, but it's not an illusion. If it's an illusion, the illusion will be broken when you realize it's an illusion. Why would you stay here?"

“I think we’re in the same array formation. As for how to pass the test, I don’t know. Let’s go ahead and take a look.”

Xue Wuji laughed dryly. “Although I’m smart, I’m still a little inferior to little sister Jiu. I’ll listen to you and do as you say.”

Ye Bingyu curled her lips at the side. Why did she fall for such an idiot back then? She was really blind!

The rest of the candidates were also at a loss and began to look around for clues.

The Hunyuan sect was very big, and there was a no-fly zone here. Yun Chujiu and the other three climbed to a higher place with great difficulty and looked around.

There were clouds and mist everywhere. Nothing could be seen at all. Everyone could not help but feel a little discouraged. This was the first time they had encountered such a test. They could not even guess the intentions of the question-setter. Could they pass the test?

In the blink of an eye, three days had passed.

Compared to Jin Zhi and the others who were frowning, Yun Chujiu was able to find joy in her misery. "It seems that I was right to ask Aunt Li to prepare food, right? Come, there will always be a way. There will be a way sooner or later."

Although everyone was not in a good mood, they still ate some food and then casually found a large hall to meditate and rest.

Yun Chujiu recalled some of the records she had read about the tests of the primordial chaos sect. During the tests of the primordial chaos sect, they would often make some bad moves, most likely to make fun of people. This time was probably no exception.

How could she be considered as making fun of people? If it was her, how would she torment these examinees?

What kind of things would a person encounter that would make them flustered and feel like they were being fooled?

It was very simple, that was being deceived!

Could it be that there were no so-called clues here, and it was just a prank by the question setter?

Then, what kind of performance would be considered as passing the test? What was he testing again?

It was probably willpower!

That was, under pressure, one could still remain calm and at ease. The greatest taboo in cultivation was to be impetuous. If one didn't even have willpower, it would be difficult for them to develop.

Of course, these examinees would inevitably kill each other in the end, and those who died would definitely be eliminated. As for those who took the initiative to provoke them, they might not be able to pass the test.

Perhaps there would be some additional tests in the future? For example, a sudden danger or something like that?

Yun Chujiu felt that this should be the general pattern, and her heart slightly relaxed. However, a certain Jiu was really unwilling to be played with like this.

She didn't want to be a little mouse that made people laugh. If she were to turn around and play with that cat, we'll see!
