

## The Yun Family's Ninth Child is an Imp! Chapter 2574

Jin Zhi and the other two listened to Yun Chujiu's words, their faces stiff.

"Little Jiu, are you sure that we are using the demon beasts as food and water? Are you saying the opposite? We are almost useless now, how can we defeat those demon beasts?"

Moreover, we don't know what level of demon beasts they have arranged for us. If they are below rank 5, perhaps we can use our agile skills to subdue them, but if they are above rank 5., we have no chance of winning at all."Ye Bingyu looked dejected. She was really going to be eliminated this time.

Yun chujiu blinked her eyes. "Your words remind me that we are not in a hurry to find food and water. We have to make some defensive tools first. Otherwise, it will be bad if we encounter Demon Beasts. "Don't worry. No matter how abnormal they are, they won't arrange high-level Demon Beasts to deal with us poor defenseless people."

After Yun Chujiu finished speaking, she took out a dagger from her boot.

Everyone:"..."

What happened to being defenseless? Why was there a dagger in her boot?

This dagger was given to her by di beiming. This guy knew that he was a troublemaker, so he had always hidden the dagger in the gap of his boot. Anyway, this dagger was extremely small, so it didn't affect his walking speed.

Xue Wuji and the other two made up their minds. They would definitely hide a dagger in their boots in the future. This small dagger was a life-saving straw at the critical moment!

Yun chujiu took the dagger and made a few simple bows and arrows. The body of the bow was made of tree branches, and the bowstring was made of a kind of vine. Then, she used the sharp tree branches as arrows.

Yun Chujiu tried it. It was not a problem to shoot an ordinary rabbit to death. If she encountered a low-level demon beast, she could only shoot it at the eyes.

In addition to the bow and arrows, yun chujiu made four simple javelins. They could be used as crutches and self-defense. It was the best.

Xue Wuji and the other two looked on in a daze. They felt that compared to Yun Chujiu, they were like idiots.

Yun chujiu looked around again. She cut a lot of vines and let everyone carry them on their backs.

Jin Zhi asked in confusion, "Little Jiu, why are you carrying this thing? It's so heavy!"

"It's better to be prepared than to die. I tried these vines just now and they are very strong. If we encounter a demon beast that we can't deal with, these vines might be able to give us a helping hand! Moreover, these vines are hollow and the juice inside isn't poisonous. When we are thirsty to the point of no return, we can use it to save our lives."

The three of them then realized that the two ends of the vines had been tied by Yun Chujiu to prevent the juice from flowing out.

The three of them looked at each other. Because of Little Jiu, the second round of the test did not seem to be so difficult for them.

Just when the three of them were about to ask Yun Chujiu which direction to go, they saw this guy climb up the treetop, looked around from the top, and then climbed down.

"Let's go east. I see that the trees in the east are growing more luxuriously. There should be a water source there," Yun Chujiu said.

"Little Sister Jiu, the closer we are to the water source, the more demonic beasts there should be. Wouldn't it be more dangerous if we go there?" Xue Wuji asked in confusion.

“Brother Wuji, what you said makes sense, but the food will only be more abundant if we are close to the water source. “If we stay here, we will be thirsty and hungry. I’m afraid that we will lose our fighting strength in three days at most. If we encounter Demonic Beasts, we will definitely die.

“Since that’s the case, we might as well go ahead and take a look. When the time comes, we’ll act according to the situation. At most, we’ll hunt some low-level demon beasts at the edge and then retreat.”
