

The Yun Family's Ninth Child is an Imp! Chapter 2582

When the people of the primordial chaos sect saw that Yun Chujiu and the others' wooden buckets were filled with sweet potato jelly, their hearts turned cold.

With so much food and poisonous arrows, they would definitely be able to last until the end of the test.

Yun Chujiu and the other three had food and drinks, so they did not continue to walk towards the east. Yun chujiu was extremely bored. She even used a piece of wood to carve a large die. The four of them were having a great time.

When the people from the primordial chaos sect saw this, they were so angry that their noses were almost crooked!

The other examinees were in deep trouble, but these four people actually had the time to play with the dice. It was really infuriating!

On the eighth day of the test, elder Linghu had some urgent matters to attend to. He gave Bian Chen a few instructions and left in a hurry.

Bian Chen's eyes flickered a few times. He gave a signal to a disciple who was controlling the formation.

That disciple understood and began to make small movements with his hands.

Very quickly, someone cried out in surprise, “Oh my God! Why is there a level eight demonic beast inside? This time, Yun Chujiu and the others are really going to die!”

Everyone gathered around and saw a level eight iron-backed wild bear swaying its huge body as it walked towards the place where Yun Chujiu and the others were resting.

Everyone was very puzzled. It was said that this testing area was releasing demonic beasts below level five. How did Yun Chujiu and the others meet a level eight demonic beast? It was really strange!

However, even though it was strange, everyone was gloating! Wasn't Yun Chujiu Smart? Wasn't she able to make money? Let's see how she can show off this time!

Yun Chujiu and the other three also noticed the shaking of the ground. Yun chujiu asked Xue Wuji and the other two to set up a vine net while she placed the sweet potato jelly in the basket on their backs.

After the four of them finished setting up the net, they climbed up the tree next to them.

When the four of them saw the huge object approaching them, their hearts turned cold! How could the vine net trap such a huge object? !

Although the net that Yun chujiu made with the snake skin was a little stronger than the vine net, it could not withstand the claws and teeth of the Ironback Bear.

Yun chujiu picked up a poisonous arrow and shot it at the Ironback Bear's left eye. She did not expect the ironback bear to be so intelligent that it actually used its claws to send the poisonous arrow flying.

The iron-backed Wild Bear roared angrily and broke the big tree that Yun Chujiu was hiding in with one of its claws. Fortunately, Yun chujiu used the vines to swing onto another tree. Otherwise, she would be in trouble.

Xue Wuji saw the iron-backed wild bear attacking Yun Chujiu and shot another arrow at its eye. The iron-backed wild bear still used its claws to send the poisonous arrow flying lightly. It turned around and crashed into the big tree that Xue Wuji was hiding in.

In a short while, more than ten trees were broken by the Ironback Bear and fell to the ground.

Yun chujiu and the other three relied on the vines to move around the tree. They were not injured, but they were exhausted.

The ironback bear was panting heavily. It was obviously exhausted. However, it could not climb the tree, so it could only watch the four people on the tree.

The people of the primordial chaos sect were amazed. These four people were smart. If they had stayed on the tree, the ironback bear would probably have returned empty-handed. After all, it did not know how to climb trees.

Bian Chen took a deep breath and looked at the disciple again.

The disciple gritted his teeth and tightened his hands.

The people of the primordial chaos sect cried out in surprise, “What, What’s going on? Are the demon beasts revolting?”

In the area where Yun Chujiu and the others were, dozens of demon beasts surrounded them from all directions, trapping Yun Chujiu and the others in the middle.

When Yun Chujiu saw the scene in front of her, she only wanted to say two words — F * ck!
