

The Yun Family's Ninth Child is an Imp! Chapter 2583

What did it mean that there was no path to heaven and no door to earth? Yun Chujiu and the others were doing it now!

The surrounding trees had already been occupied by demon beasts that could climb trees. A few demon beasts were rubbing their fists and preparing to break the trees that Yun chujiu and the others were resting on.

Even some people from the chaos origin sect couldn't bear to watch. Emma, the fate of these four people must be very miserable. How could there be so many demon beasts? It was really strange!

Everyone thought that there was only one ending for Yun Chujiu and the other three, and that was death. Even Xue Wuji and the other two felt that they were doomed this time!

If they had spiritual power, they could still struggle a little. But now, they were just a little more agile. How could they be a match for these demonic beasts? !

Yun chujiu blinked her eyes, she shouted loudly, "Hey! Stop! We can't escape anyway. Why are you all in such a hurry? ! There are only four of us. You guys should study it and decide how to divide it . . If we study it well, the four of us won't resist anymore. We'll just go down and throw our lives away."

The demonic beasts that surrounded them were all above level six. They already had a certain level of intelligence. When they heard Yun Chujiu's words, they looked at each other.

That's right, there were dozens of them. Who would these four humans belong to?

Yun chujiu pointed at the iron-back wild bear at the beginning and said, "I think Lord Bear was the first to discover us, so it should be a great contributor. Why don't we let it choose three more demonic beasts to eat us!"

When the iron-back wild bear heard Yun Chujiu's words, it proudly cried out a few times. Its heavy body took a few steps before it used its bear paw to point at the three demonic beasts.

The iron-back Savage Bear was naturally pointing at the demonic beasts that were on good terms with it. The other demonic beasts would not be willing to do so and immediately began to howl.

Seeing that some of the demonic beasts actually dared to question its decision, the iron-back savage bear could not hold back its violent temper and immediately slapped one of the demonic beasts.

The demonic beast was naturally not willing to be outdone and the two of them started to fight.

The three demonic beasts that the ironback savage bear chose naturally couldn't sit idly by, so they also joined the battle. That demonic beast also had demonic beasts that they were on good terms with, and all of them started to help.

Thus, very quickly, the demonic beasts became a mess.

In an instant, it was a mess!

The thick and sturdy trees were knocked down, and the withered branches and leaves on the ground were fluttering in the air. All kinds of beast roars could be heard endlessly.

A few demonic beasts wanted to take advantage of the situation and eat Yun Chujiu and the other three people on the tree. How could Yun Chujiu let them have their way? After a few words, it immediately attracted the other demonic beasts to take care of the few demonic beasts who wanted to take advantage of them.

After a few hours, the demonic beasts ran and were injured. Finally, four demonic beasts obtained the final victory.

Then, they found that the spoils of war were gone..

There were only a few clothes hanging on the tree, and the humans had long disappeared!

Roar Roar! Roar Roar!

The demon beasts were so angry that they almost vomited blood. They had been fooled!

They wanted to chase after them, but they were now a pile of loose sand. Moreover, after the intense fight just now, they were already so tired that they did not have the energy to chase after the four shameless humans!

The people of the primordial chaos sect were already dumbfounded. Even in their dreams, they had never thought that Yun Chujiu and the other three would escape death just like that!

What was this called?

Sowing discord? Escaping?

It had to be said that that Yun Chujiu was really too smart! She actually managed to escape from such a desperate situation by relying on the rattling sound. It was truly unbelievable!

Bian Chen's expression was gloomy. Just as he was about to ask that disciple to do something more, elder Linghu returned. He could only give up.
