

The Yun Family's Ninth Child is an Imp! Chapter 2584

Before everyone could report to Elder Linghu, Bian Chen pointed at the disciple with a stern expression and said, "Zhu Cheng, what's wrong with you? Why did you tamper with the array formation?"

Master, this disciple is guilty! When I found out that Zhu Cheng had tampered with it, it was already too late, so I couldn't stop him in time. Please forgive me."

The disciple who had been reprimanded by Bian Chen said with a red face and thick neck, "Elder Linghu, I have nothing to say! In any case, I just don't like that Yun Chujiu. If someone with such a low level of spiritual power can be admitted into the primordial chaos sect, it would be a disgrace to our sect."

Elder Linghu was not stupid. He did not think that Bian Chen had said that he could not stop him in time, but he had always valued this disciple, thus, after a moment of silence, he said, "Men, send Zhu Cheng to the hall of guardians and let them deal with him according to the sect's rules. As for Bian Chen, go and meditate for three months. Go!"

Zhu Cheng indignantly defended himself a few times before he was taken away. Bian Chen, on the other hand, bowed obediently before he went to meditate to receive his punishment.

Elder Linghu took a deep breath and sent away all the disciples who were controlling the array formation. He also changed a batch and called his second disciple, Shen Yuan, over to help.

After elder Linghu was done with his work, he turned his gaze to the shadow stone number nine. His impression of Yun Chujiu was rather complicated.

On one hand, he felt a little guilty. Because of his negligence, the four of them had suffered even more tests. On the other hand, he felt a little unhappy. He felt that if it weren't for the four of them, he wouldn't have lost face in front of everyone.

However, all sorts of complicated emotions turned into confusion when they saw the scene on the shadow stone!

As Zhu Cheng had secretly tampered with the array formation, many of the originally scattered people had gathered in one place.

After Yun Chujiu and the other three had escaped for some distance, they encountered many participants.

The vast majority of the participants were weak and some were even covered in injuries. It was obvious that they had suffered a lot.

When those people saw Yun Chujiu and the other three in high spirits and the baskets on their backs, they immediately revealed greedy expressions.

Yun Chujiu sneered and directly stabbed one of the candidates who wanted to attack them with a poisonous arrow.

When the crowd saw the person who was bleeding from his seven orifices, they immediately became as obedient as quails. They all looked at Yun Chujiu and the other three while trembling.

Yun Chujiu held a piece of yam jelly in her hand and asked with a smile, "Do you guys want to eat it?"

Blue light shone in everyone's eyes as they nodded their heads desperately.

"It's actually not difficult if you want to eat it. Now, let's start the auction. The starting bid is 10,000 high-grade spirit stones. The highest bidder will get it! I know that you guys don't have any spirit stones on you right now, so it's fine. Just owe it to me first. You can give me spirit stones after you leave this place.

"Of course, swearing an oath is a must. Otherwise, if you go back on your word, I'll lose more than I gain." Profiteer Jiu went online again.

As soon as Yun Chujiu finished speaking, someone shouted, "I want it! I'll bid 10,000 Spirit Stones!"

"20,000!"

“50,000!”

“100,000!”

..

“200,000 spirit stones going once, 200,000 spirit stones going twice, 200,000 Spirit Stones sold! Young Master, swear an oath, and after you’re done, this incomparably delicious sweet potato jelly will be yours!”Yun chujiu said with curved brows.

Elder Linghu rubbed his eyes. If his estimation wasn’t wrong, then that rubbish sweet potato jelly sold for tens of millions of high-grade spirit stones, right?

How was this an auction? It was simply robbing money!
