

The Yun Family's Ninth Child is an Imp! Chapter 2585

Yun chujiu once again earned a small sum of money and was in a good mood.

This fellow was very shrewd. In order to prevent these people from taking the risk to gang up on her, after selling a basket of yam jelly, she took Xue Wuji and the other two and ran away.

After walking for a distance, she gathered some people and sold another basket.

Then, they ran away again!

"Little Jiu, that's enough! We can eat the rest by ourselves!"Ye Bingyu said while panting. Probably only a profiteer would run away after selling everything. She was so tired!

"You're right. I've earned enough. I'm not selling anymore! When we get out, I'll give you three dividends! I never eat alone!"Yun Chujiu said with a smile.

Xue Wuji and the other two rejected her. Seeing that Yun chujiu sincerely wanted to give them, they gave up.

Finally, the second round of the test that lasted for ten days ended. The participants who passed were teleported to the square.

Most of the participants were in a sorry state. The first thing they needed to do to recover their spiritual power was to eat!

The square was filled with the sound of chewing as if they were having a picnic.

Of course, there were exceptions.

A certain Jiu walked up to a man who was wolfing down his food and stretched out her small hand. "This young master, 200,000 Spirit Stones."

The man raised his head and saw that it was Yun chujiu. He could only pay 200,000 spirit stones and then muttered, "Profiteer."

Yun chujiu pursed her lips. What was wrong with profiteer? Did she rob him or force him with a dagger? Ptui! Just like that, she would have to get on her pirate ship obediently next time. If she didn't believe it, she would just wait and see!

Yun Chujiu was extremely happy collecting the money. This fellow felt that the primordial chaos sect was simply too much to her liking. She had only participated in two rounds of tests, and she had already earned a huge sum of money. What a good immortal essence sect!

Just as Yun Chujiu was thinking about it, she felt a white light flash before her eyes. F * ck! ! Is there any justice in this world? ! She still had five people's money that she hadn't taken from her? ! If they were eliminated, where would she get the money?

When she regained her sight, Yun chujiu realized that there was no one else beside her. Could it be that she had teleported alone this time?

The familiar voice of the person in charge of the test suddenly sounded. "Congratulations on entering the third round of the test. This round of the test is very interesting."

Yun chujiu could not help but curse inwardly when she heard this. Interesting? It was probably even more damaging! She did not know what kind of tricks would appear in the third round of the test.

That person continued, "The third round of the test tests your actual combat ability. As long as you kill five demonic beasts, you will pass the test. Don't worry, even if you die, you will be resurrected on the spot. The top five thousand who use the shortest time will pass the test."

Yun chujiu frowned. It was that simple? It shouldn't be. According to the usual style of the primordial chaos sect, there must be some twists and turns.

Yun chujiu quickly knew what the problem was. F * ck, five demon beasts actually came out together! Moreover, it was five level 40 golden spotted hurricane leopards.

The primordial chaos sect was too f * cking abnormal!

Not to mention those with low spiritual power, even if they were at the seventh level of the spiritual void tier, could they fight against five of them alone?

Yun chujiu thought about it again. She might have misunderstood the tester's meaning. It should be like this. If the tester killed a golden spot hurricane leopard and died, when he resurrected, there would only be four demonic beasts left.

In this case, it was not just about the actual combat experience, but also the willpower of the person.

Yun chujiu was quite confident in herself. However, she was not too confident in Jin Zhi and the others, so this guy was prepared to finish the battle quickly and then think of a way to help.
