

## The Yun Family's Ninth Child is an Imp! Chapter 2589

When Ye Bingyu came back to life, she heard Yun Chujiu say with a smile, "Sister Bingyu, I'm here to help you!"

"Little Jiu, you came at the right time! Quick, help me!" Ye Bingyu didn't have time to ask Yun Chujiu why she was here, because she felt that if she delayed any longer, she would probably die again.

Although the five horned wild bulls were surprised that another little girl had appeared, they did not put her in their eyes at all. She was just a little weakling.

Yun chujiu bared her little white teeth and waved her hand. Several ice condensing talismans were thrown at the five horned wild bulls.

At the same time, Whoosh Whoosh Whoosh, five golden spotted hurricane leopards appeared on the ground.

"Kittens, the rest is up to you!" Yun Chujiu pulled ye Bingyu to the side, and the two of them watched the show.

The five golden spotted hurricane leopards could no longer hold back their fighting passion, especially when the five silly cows were hit by the freezing talisman. Their movements were slow, and the wind blades of the five golden spotted hurricane leopards slashed at the five horned bulls like a storm.

The freezing talisman only worked for a few seconds, and the five horned bulls quickly recovered their fighting strength. They were very confused.

Didn't they say that the target was that human? Why were there five golden spotted hurricane leopards?

However, the horned bulls and golden spotted hurricane leopards were both level 40 demonic beasts, so they were not at a disadvantage.

However, there was a bad luck bag next to them, so the five horned bulls were miserable!

Just as they were about to counterattack, the ice talisman arrived! Thus, the five horned bulls could only slow down and be attacked by the golden spotted hurricane leopards.

It was not easy for them to run out of ice talisman attacks, and yet another purple spiritual needle came over to cause trouble. Moreover, it was specially drilled into the nostrils of the horned bulls. It was simply too damaging!

Ye Bingyu was not idle either. She had been bitten to death by the five horned bulls several times just now. She was holding back her anger, so she also joined the battle.

In less than an hour, the five horned bulls were tragically dead!

Just as ye Bingyu was about to hug Yun chujiu and celebrate enthusiastically, a white light flashed and she was teleported out.

Ye Bingyu's mind was still in a daze until now. Did she really complete the test? Did Little Jiu really come to help her? Why did it feel like a dream the more she thought about it?

How did Little Jiu find her? Moreover, why didn't her five demonic beasts attack little jiu, but instead listened to her arrangements?

Ye Bingyu was transported to the plaza with a confused look on her face.

This plaza was specially reserved for successful candidates, so there weren't any shadow stones or melon-eating disciples, only some on-duty disciples.

Those on-duty disciples estimated that it would take at least 10 to 10 hours for someone to successfully pass the test, so they were chatting in groups of three or five.

Ye Bingyu was shocked when she saw the sudden appearance, and then she was even more dumbfounded when she saw her spiritual power level. How, How was this possible? Could it be that there was a problem with the test array?

However, they were only the disciples on duty and didn't have the right to ask anything, so they just looked at Ye Bingyu in surprise.

Ye Bingyu looked around in confusion. Did she get first place in the third round of the test just like that?

Damn, if I knew this would happen, I would have let little jiu leave a horned bull for me to kill for fun!

A certain jiu, who was left inside the array, estimated the time. From the areas she passed by, it would take at least 10 to 10 hours to kill all five demonic beasts, therefore, she still had a lot of time to find Xue Wuji and Jin Zhi.

Therefore, a certain jiu continued to hop around in various areas.
