

## The Yun Family's Ninth Child is an Imp! Chapter 2591

Elder Jing silently decided in his heart that the original fourth round of the test was canceled. Wasn't this Yun Chujiu willing to play? Then let's play a big game!

If the other contestants knew that the suffering they suffered later was completely caused by Yun Chujiu, they would probably wish they could strangle some troublemaker to death.

Inside the array, Yun Chujiu finally found Jin Zhi.

Jin Zhi was not much better than ye Bingyu. She had already died many times. She could not even tell if she was dead or Alive!

When she opened her eyes again, she actually saw Yun chujiu standing in front of her. She really thought she had seen a ghost!

"Little Jiu? I, am I hallucinating?" Jin Zhi rubbed her eyes.

"Beauty Jin Zhi, if you are distracted again, you will die again!" Yun Chujiu said with a cheeky smile.

Only then did Jin Zhi believe that it was really Yun chujiu who came to help.

With the help of Yun Chujiu and the five gold-spotted Hurricane Leopards, it took an hour to kill the five demon beasts in this area. Jin Zhi was teleported out before she could ask anything.

Ye Bingyu was so excited when she saw Jin Zhi that she almost burst into tears!

It was because she was really embarrassed. Those people looked at her as if she was a monster. In fact, she was also very confused? If she had known that it would be so awkward if she came out so early, she would have asked Yun Chujiu to spare a demonic beast for her to kill time!

Jin Zhi and ye Bingyu talked about what happened and then waited anxiously for Xue Wuji and Yun Chujiu.

Inside the array formation, Xue Wuji continued to ride Bao Jiu in various areas. Time was running out, and some people had already killed three demonic beasts.

The five gold-spotted hurricane leopards even wanted to die. They had agreed to see the colorful world, but why did they have to be either thugs or mounts? ! It was as if their legs had become thinner!

It had to be said that Yun Chujiu's luck was not bad. After passing through hundreds of areas, she actually met Xue Wuji.

Xue Wuji was in a better condition than Jin Zhi and ye Bingyu. He had already killed a demonic beast. After all, the mutated wind spirit root was not a joke. Of course, it was inevitable that he would die a few times.

Xue Wuji was not too surprised to see Yun Chujiu. After all, he had already seen this fellow's abnormal performance countless times.

"Little Sister Jiu, quick, come over and help! These damn things are really too difficult to deal with." Xue Wuji said as he attacked with his spiritual power skull.

Yun chujiu smiled as she called out to the four demonic beasts for a feast of talismans. Then, she asked the five golden spotted hurricane leopards to help.

Fifteen minutes later, the four demonic beasts died unwillingly!

A white light flashed, and Xue Wuji was also teleported out. Only Yun Chujiu and the five golden spotted hurricane leopards were left in the area, staring at each other.

"Sigh! I have no choice. I can only leave after I kill all of you. I still can't bear it. How about this, if you have any wishes, I will try my best to fulfill them." Yun Chujiu said to the five golden spotted hurricane leopards.

The five golden spotted hurricane leopards lowered their heads and did not make a sound. Initially, they thought that their existence was to kill the candidates in the region. However, after witnessing more scenes., they felt that life was so precious. What could be more important than life?

However, they had already established a temporary contract with the little girl in front of them. They could only watch as they waited for their deaths.

Yun Chujiu looked at the five golden spotted hurricane leopards and felt a little awkward. No matter what, they had fought side by side before. It did not seem like they were loyal to each other.
