

The Yun Family's Ninth Child is an Imp! Chapter 2594

Due to Yun Chujiu's abnormal performance in the third round, this time, she was the only one sleeping soundly on the No. 9 Shadow Stone.

The people of the primordial chaos sect: "..."

This girl's heart was really big! Didn't she see that everyone else was working hard at mining? This guy was actually sleeping soundly here. Could it be that she had some evil idea?

Everyone shook their heads. Other than the talisman, there should be no other way to speed up the mining speed. Yun chujiu must have been tired from jumping just now, which was why she was sleeping.

Xue Wuji and the other two's mines were adjacent to Yun Chujiu's mines. Seeing that Yun Chujiu was sleeping soundly, the three of them did not disturb her. Instead, they looked around.

After looking around, they came to a shocking fact: the mines of the four of them were obviously bigger than the others, especially Yun Chujiu's mine. It was more than one-third bigger than the others. This was too much of a bully!

Yun chujiu woke up and stretched. Xue Wuji and the other two told her what they had seen. Yun chujiu immediately jumped up and looked around.

It was just as Xue Wuji and the others had said. Yun Chujiu's eyes flickered a few times, but she didn't say anything. It was useless to say anything now. It wasn't too late for Little Jiu to take revenge. She would find the culprit sooner or later to take revenge.

The people of the primordial chaos sect also noticed this problem. Many people gloated over Yun Chujiu's misfortune. wasn't that Yun Chujiu able to jump around? Let's see how she can jump this time!

A few elders were also watching. Elder Yuwen glared at elder Jing with dissatisfaction. "This is your masterpiece, right? I didn't expect you to be so petty!"

Elder Jing laughed dryly. "This is just a lesson for them. Besides, their stamina is better than others. This is also for the sake of fairness!"

Elder Yuwen pursed his lips. "No matter how strong that little girl is, can she withstand the extra third of the mine? "If that little girl passes the test, then so be it. But if she is really lacking in the final third of the mine, then I'm not done with you!"

Elder Jing laughed and didn't say anything. He felt that even without the extra third of the mine, Yun Chujiu wouldn't be able to pass the test.

After all, the higher the spiritual power, the more efficient the miners would be. Yun Chujiu and the other three had much lower spiritual power than the others, so they would definitely be eliminated.

Seeing that Yun Chujiu didn't say anything, Xue Wuji said, "Little Sister Jiu, no matter what, Let's start digging! What if our mine is easier to dig than the others?"

He didn't believe Xue Wuji himself. It would be good if it wasn't harder to dig than the others!

"You guys dig first. I'll rest for a while." Yun Chujiu took out the universal tent and went inside.

Xue Wuji and the other two looked at each other and then went to dig the mine.

A certain jiu lay in the tent and thought of a solution. It was impossible to dig the mine honestly. Their spiritual power was too low and they could not defeat the others.

It would be great if they had help!

Yun chujiu could send out five puppets to help. However, although these puppets were not very powerful, they had great potential. It was better to not let others know about them.

Her spiritual pets were more special and could not be exposed. Where could she find help? She could not hire other candidates, right? They would only give up their own test to earn money unless their brains were damaged.

Three days passed in a row, and Yun Chujiu still couldn't think of any good ideas.

Of course, this lazy person didn't even mine a single piece of ore.
