

The Yun Family's Ninth Child is an Imp! Chapter 2613

"What do you mean, Luo? ! How dare you snatch someone away from me? Little Girl, ignore him. He will never leave this big kitchen in his life. You still have a future with me." Fatty song glared at Fatty Luo, then, he smiled like a flower and said to Yun Chujiu.

"Little girl, as long as you follow me, I promise to let you do the easiest job so that you can have more time to cultivate." Fatty song ignored fatty song and said to Yun chujiu with a fawning expression.

Fatty song saw that Yun Chujiu seemed to be moved by fatty song's words and immediately became anxious. "Little girl, don't listen to his sweet talk. He doesn't have good intentions. He's going for your spiritual stones!"

Yun chujiu suddenly realized that the two of them had caused such a ruckus because of her spiritual stones. It was likely that the two of them did not have time to watch the entrance exam, so they knew about her.

However, they actually dared to think about her spirit stones. They were really courting death!

Although Yun Chujiu understood in her heart, she still looked hesitant on the surface. This caused fatty song and Fatty Luo to argue more and more fiercely. In the end, they picked up the spatula and started hitting each other again.

The two of them hit each other until their faces were bruised and swollen. Then, they turned around and asked in unison, "Little Girl, who are you going to choose?"

In the end, only then did they realize that Yun Chujiu had long disappeared..

"Little Jiu, after those two finish fighting, when they realize that you've escaped, they'll probably be furious!" Ye Bingyu said while laughing.

Yun chujiu curled her lips. "Those two idiots still want to think about my spirit stones? They're simply overestimating themselves. Anyway, we don't have anything to do in the afternoon, so let's go take a walk around."

The Big Kitchen was located at the foot of the mountain and was not too far away from the mountain gate of the primordial chaos sect. Therefore, Yun Chujiu decided to take a look at the two stone Pixiu first.

This fellow felt that although the two stone pixiu were stone beasts, from the testing process, they should be quite intelligent. Moreover, when she tested them for the second time, they changed their words forcefully. It was obvious that they recognized patriarch Yuan Tian's Ring. It was always right to try to get close to them first.

Unfortunately, her idea was good, but it could not be realized.

Because the two stone pixiu were outside the mountain gate of the Primordial Chaos Sect, Yun Chujiu and the others were not allowed to enter and leave the mountain gate as servants.

The four of them could only leave the mountain gate embarrassedly. Ye bingyu sighed and said, "It seems that we are the lowest level of existence in the primordial chaos sect. I guess there will be more trouble in the future."

Yun Chujiu said with a smile, "It's good to have trouble! I like trouble the most! "Let's go. If we aren't allowed to see the Stone Pixiu, then let's go to the Primordial Chaos Square and have a look. I heard that those people were watching us in the primordial Chaos Square when we were testing."

After about an hour, the four of them arrived at the primordial Chaos Square.

The Primordial Chaos Square was very big. The green stone slabs on the ground had been stepped on for hundreds of thousands of years and were now as clean as a mirror. The entire square was grand and solemn, causing people to respect it for no reason.

Yun chujiu remembered that she had gotten her rolling pin in the Ling Hua sect square, so this guy started to look around sneakily. Unfortunately, he didn't find anything.

Greedy Jiu curled her lips. It was a super big sect! They didn't even know how to bury something for their descendants. Bad Review!

While the four of them were strolling in the square, they heard someone shout, “Hey, those four handymen, come here for a moment!”

Yun chujiu turned around and saw a man wearing the uniform of an inner disciple standing in the southeast corner of the square, looking at them impatiently.
