

The Yun Family's Ninth Child is an Imp! Chapter 2626

Yun chujiu shook her head with a smile. She really thought she was smart!

The gigolo had broken the seal, not lost his memory. How could he have become so arrogant and brainless? He was indeed arrogant, but his scheming heart had not changed.

What he said was clearly a provocation. If he had taken the initiative to bring Xue Wuji away, Xue Wuji would definitely take Qiao away, and he would definitely complain in the future.

However, now that Xue Wuji had taken the initiative to bring Xue Wuji Away, the initiative was in di Beiming's hands. He was really cunning.

After Yun Chujiu thought this through, the worry in her heart towards di beiming lessened a lot. Her mood also became bright and beautiful.

This fellow's mood became better, and he began to think about his own matters.

She did not come to the primordial chaos sect to start a fire. Moreover, she had to wake up early every day. It was really troublesome. She had to think of a way to get out of the current predicament.

Yun chujiu looked at the area that fatty song and Fatty Luo were in charge of. Each of the two fatties had about ten people under them. Only Old Man Yao had the three of them. They could not even take shifts if they wanted to.

Therefore, that afternoon, Yun Chujiu picked up the large kitchen knife and began to kill the chickens again.

After this fellow killed the chickens, he directly threw the bloody dead chickens at the feet of fatty song and Fatty Luo, as he threw it, he muttered, "Aiya, this person can't be too heartless. Some people

occupy more than ten subordinates, while some honest people only have three helpers. Don't tell me that some people's consciences don't Hurt?"

The chicken in the cage clucked. Was this Brat a monkey? ! Why did she have to go against the chickens?
!

Fatty song and Fatty Luo were so angry that they couldn't stand it anymore. "Yun Chujiu, what do you want? Don't be too greedy!"

"I don't want anything! Logically speaking, shouldn't the three chefs in the kitchen be divided equally among the servants? Why are there so many of you and only three of Old Yao's subordinates?"

"If you each give me two people, I won't kill the chickens. "Otherwise, not only will I kill all the chickens, I'll also kill the Rabbit in the cage! "Moreover, I knocked on the Copper Basin and went outside to shout at him. I said that you guys are ganging up to bully honest people and that you want to extort my spirit stones..."

"Shut up! I'll just give it to you!"

The two fatties were extremely regretful. If they had known this would happen, they wouldn't have had any intentions of taking this smelly girl's spirit stones. But now, they had failed to steal the chicken, and instead, they were being pinched by this smelly girl. What Bad Luck!

The two fatties each chose two useless things to give to Old Man Yao. Old Man Yao didn't say anything, only nodding his head and instructing them to start work at 3pm.

The four of them were drooping their heads. If they followed the two chefs, they would still have a chance to go to the small canteen. If they followed this old man Yao, they would probably be stuck in this big kitchen for the rest of their lives.

Moreover, they had to wake up early every day. They were really unlucky!

It was all because of that Yun Chujiu. If it weren't for her meddling, how would they have ended up in this situation? !

Just as the four of them were cursing in their hearts, they saw Yun Chujiu come over and said with a smile, "Are you cursing me in your hearts? I heard everything!"

The four of them:"..."

What the hell!

They had already said that they were cursing in their hearts, so how could she have heard it? !

"Because if you follow elder Yao, you won't be able to go to the small canteen, and you have to wake up early, so why are you scolding me for being nosy? Do you think that all of this is because of me?"

Although the four of them were a little surprised that Yun Chujiu's guess was correct, it was not difficult to guess, so they kept quiet with gloomy faces.
