

The Yun Family's Ninth Child is an Imp! Chapter 2627

Seeing that the four of them didn't say anything, Yun Chujiu turned around and brought a chicken over.

The four of them immediately stopped pretending to be dumb, she explained, "Junior Sister Yun, you're thinking too much. We're just not used to it for a while. Actually, it's quite good to be at elder Yao's place. After all, we're free in the afternoon and can be used to cultivate."

"Yeah, and we don't need to cook for breakfast. It's not tiring to work."

..

The four of them talked and felt that it was not so unacceptable to transfer to old man Yao's place.

Yun chujiu held the clucking red feather chicken, she said with a smile, "That's the way to think! The seven of us are divided into two shifts, one shift a day. The four of you will take one shift, and the three of us will take one shift. You guys are taking advantage of us!"

The four of them were stunned at first, then they became happy from the bottom of their hearts. This meant that they could rest the next day. It was the best.

As long as their cultivation could improve, it did not matter whether they went to the small canteen or not. After all, the handymen in the small canteen were also handymen. How could they have the prestige of becoming an outer disciple in the future!

"Little girl, are you almost done? Come and learn how to make noodles!" A glimmer of light flashed in Old Man Yao's eyes at the side, and in the blink of an eye, he became drowsy again.

Yun chujiu clutched her stomach. "Oh, Old Man Yao, my stomach hurts again. No, no, I have to go to the toilet. I'll be back soon!"

After saying that, Yun Chujiu ran away.

Old Man Yao shook his head and looked at the four new people. He pointed at a person and said, "Since that little girl ran away, you can come!"

That person wanted to cry, but no tears came out. This was a sudden disaster!

After Yun chujiu covered her stomach and ran out of the Big Kitchen, Jin Zhi and ye Bingyu also took the opportunity to sneak out. The three of them looked at each other and smiled.

"Little Jiu, where are we going now?"

"I heard that the library of the Hunyuan sect is very big. Let's go to the library and have a look." The reason why Yun Chujiu wanted to go to the library was to see if there were any records of Guai Cao, it was also not bad to look for books on alchemy and talismans.

Jin Zhi and ye Bingyu nodded and the three of them walked towards the library.

There was only one library in the primordial chaos sect. It was located halfway up the main peak, Tianshu Peak.

The disciples of the other six peaks could only go here if they wanted to read. Therefore, there were many disciples waiting in line in front of the library.

Finally, it was Yun Chujiu and the other two.

The disciple who was guarding the library took the jade tokens from the three of them and examined them. Then, he threw the jade tokens to the three of them and said contemptuously, "Your sect contribution points are not enough. Come again when you have them!"

Yun Chujiu and the other two were confused. What the hell was a sect contribution point? Was It Like the academy points?

Just as Yun Chujiu was about to ask again.., the disciple said impatiently, "If you don't understand, then go to the general affairs office and buy a copy of 'The Complete Works of the Primordial Chaos Sect'. Seriously, why did you come to the library if you don't understand anything? ! What can you understand? !"

If it was in the past, Yun Chujiu would definitely kill such a clown with lightning speed. Now, she felt that it was not worth wasting her time on these people. She immediately brought Jin Zhi and ye Bingyu to the general affairs office.

She spent ten spirit stones to buy a copy of "The complete works of the primordial chaos sect". The sect contribution points were similar to what Yun Chujiu had guessed. It was something similar to points.

However, the sect contribution points were extremely important in the primordial chaos sect. Many places required the sect contribution points.
