

The Yun Family's Ninth Child is an Imp! Chapter 2632

After a while, five or six disciples were brought in.

When Yun chujiu saw these disciples, she knew it was bad! Because these disciples were all female disciples, and coincidentally, they were fan Mingchuan's admirers.

As expected, after hearing the three elders' questions, these people said one after another, "This Yun Chujiu is talking nonsense! Yesterday, senior brother Huo clearly left the mulberry garden after an hour."

"That's right. At that time, someone even spoke to senior brother Huo. Senior brother Huo said that he was counting the number of snow jade silkworms, and he also told them some things to take note of."

"Yes, that's right. I can also prove it."

..

Hearing their words, Huo Zhi heaved a sigh of relief in his heart, the expression on his face also became aggrieved and angry. "Three elders, you all heard it, right? This Yun Chujiu made a mistake, yet she still wants to bite back. It's really too sinister! I hope the three elders can uphold justice for this disciple."

Elder Wan flew into a rage. "This is truly outrageous! What else do the three of you have to say? "Men, send the three of them to the law enforcement office. Tell them that my suggestion is to remove their names. Our primordial chaos sect does not allow such scum to exist."

Elder Ding and elder Jiang exchanged a glance. Elder Ding said, "Old Wan, this punishment is a little heavy, right? Normally, killing a snow jade silkworm should be punished with less than a year's worth of resources. Furthermore, they should be locked up in meditation for three months."

“Humph! But after they made a mistake, not only did they hide the truth, but they also slandered their fellow disciples. They must be punished severely to prevent others from doing the same,” elder Wan said angrily.

Hearing his words, elder Ding and elder Jiang didn’t say anything, although they still felt that it was a bit heavy. After all, they were just three odd-job workers, and they weren’t from Tianji Peak. If they were expelled from the sect, so be it!

The female disciples who testified showed gloating expressions. Damn it! Who asked Yun Chujiu to Charm Senior Brother Fan? Let’s see how she can seduce senior brother fan this time.

Jin Zhi and ye Bingyu weren’t worried when they saw Yun Chujiu’s confident look. However, when they saw that elder Wan had convicted them, they panicked and looked at Yun chujiu nervously.

At this time, there were already disciples who wanted to bring the three of them to the law enforcement office. Yun chujiu curled the corners of her lips. “Wait! I have something to say.”

Elder Wan frowned. “What else do you have to say?”

“Elders, I have a witness that can prove who killed the missing snow jade silkworm,” Yun Chujiu said slowly.

Everyone was stunned. Huo Zhi’s heart trembled and he immediately relaxed. This Yun chujiu must be spouting nonsense. When he killed the Snow Jade Silkworm, he was the only one in the Mulberry Garden, how could there be a witness?

Elder Wan frowned. “You have a witness? Who is your witness? Are you trying to stall for time?”

Yun chujiu smiled faintly, she turned around and pointed at the silkworm room behind her. “The Snow Jade Silkworm in the silkworm room is my witness. When their companion died, they naturally saw it with their own eyes. Therefore, wouldn’t it be more direct to have them directly identify the murderer?”

Everyone was stunned at first, then the female disciples began to giggle.

“Yun Chujiu, are you out of your mind? Although the Snow Jade Silkworm are demonic insects, they have been domesticated by humans for many generations.

They are different from those demonic insects in the wild. They don’t have a silkworm king, so they don’t have group consciousness. How could they identify the murderer?”
