

The Yun Family's Ninth Child is an Imp! Chapter 2634

When elder Wan heard Yun Chujiu's words, for some unknown reason, he actually pulled Huo Zhi over and squatted down beside the bamboo basket.

"The few of you come over too, I'll verify it." Elder Wan beckoned the few female disciples over.

Although the few female disciples were extremely displeased, they did not dare to resist and could only squat down.

Yun chujiu really wanted to take care of these little B * stards, but now was not the time to stir up trouble, so she could only order the snow jade silkworm to attack Huo Zhi.

A moment later, Huo Zhi's face was sprayed with a few more streams of venom, and some of the Snow Jade Silkworms even jumped up, wanting to bite Huo Zhi.

Elder Wan stood up, gnashing his teeth and interrogating Huo Zhi, "Tell me, what exactly is going on? If you don't answer truthfully, I can only use the soul-searching technique."

Elder Wan was obviously trying to scare Huo Zhi. After all, the soul-searching technique was extremely vicious. How could he really use it? However, Huo Zhi was already in unbearable pain from the poison of the Snow Jade Silkworm. How could he endure the pressure from elder Wan? He immediately cried out and told the truth.

The female disciples who were helping Huo Zhi to testify turned pale. They were completely regretful. They originally thought that they could use this matter to expel Yun Chujiu from the primordial chaos sect. Now, they were afraid that they would not be able to escape punishment.

Elder Wan was so angry that he kicked Huo Zhi away. He felt that he had nowhere to put his face. If Yun Chujiu had not thought of a way to make the snow jade silkworms testify, he would have wronged them.

Elder Ding and elder Jiang also looked embarrassed. For a moment, no one said anything.

Yun Chujiu said in a crisp voice, "Elders, it's getting late. We need to put these snow jade silkworms on the golden mulberry tree. What do you think?"

Elder Ding knew that Yun Chujiu was giving them a way out, so he said, "If that's the case, you guys go ahead and get busy. Don't worry, we will definitely give you three an explanation!"

Yun chujiu nodded, "Elder Ding, it's too serious! We are just handymen. It doesn't matter if we don't give an explanation. As long as we can successfully complete our mission in this month, we will be very satisfied."

Elder Ding said a few more words dryly and then asked someone to escort Huo Zhi out of the mulberry garden.

"Little Jiu, you scared me! Fortunately, these snow jade silkworms know the good guys and bad guys. Otherwise, we would be in trouble." Ye Bingyu didn't know that Yun Chujiu could control the demonic insects.

Yun Chujiu said with a smile, "This is called the heavenly net, which is slow and thorough. Good will be rewarded with evil. Alright, let's Get to work!"

..

At noon, because Jin Zhi and ye Bingyu were keeping an eye on the mulberry garden, Yun chujiu planned to take a good look around Tianji Peak.

Of course, this guy wasn't idle. They couldn't stay in the kitchen all the time. Sooner or later, they had to choose one of the seven peaks, so it was necessary to know about it beforehand.

On the way, Yun Chujiu heard about the punishment of Huo Zhi and those female disciples.

Huo Zhi was immediately expelled from the primordial chaos sect. The female disciples were punished with a year's worth of sect resources for perjury, and they were also punished with a month's worth of reflection.

Although Yun Chujiu felt that the punishment for the female disciples was a little light, it was not bad for Tianji Peak to do this.

Some disciples of Tianji Peak saw Yun chujiu wandering around. Although they pointed at her, no one dared to say anything in front of Yun Chujiu.

After all, a barefooted person was not afraid of wearing shoes. This yun chujiu was extraordinarily bold. It would not be worth it if she stuck to her.

Therefore, Yun Chujiu was unimpeded on Tianji Peak.
