

The Yun Family's Ninth Child is an Imp! Chapter 2641

On the right side of the stone wall, there was a picture of her in the modern era when she was on a mission. The pistol in her hand was emitting a cold light, and there was a corpse on the opposite side.

Yun Chujiu was stunned for a moment. She picked up the night-luminescent Pearl and continued to look down. The pictures were all of her in the modern era. Most of them were when she was on a mission, and occasionally, there were pictures of her with Qi Qi.

Yun Chujiu's eyes could not help but turn red. Suddenly, she turned around and the luminous pearl shone on the stone wall on the left. There was a moment of blank space on the stone wall, and then it turned into the scene of her holding the luminous pearl in the tunnel.

Yun chujiu sneered. "Although I don't know who you are, you are very good at psychological tactics! You have mapped my thoughts into a mural. This kind of illusion is of a high level."

After Yun Chujiu finished speaking, the sound of water could not be heard anymore. Obviously, the sound of water was just a supplementary method to let Yun Chujiu enter the illusion.

Yun chujiu used her spiritual sense to scold the black bead. Every time there was an illusion or something like that, the black bead would warn her. But this time, there was no reaction. Damn it!

The black bead shook indifferently. Compared to Gou WEIBA, it was much better, right? ! It was normal for it to slack off occasionally, alright? !

Yun chujiu did not have the time to settle the score with the black bead. She continued to walk forward with the luminous bead in her hand.

She had been stuck in the illusion just now, so she had been walking on the same spot. The passage was not too long, and she soon saw a stone hall.

There was a huge chain at the four corners of the Stone Hall, and the place where the chain intersected was actually a huge coffin.

The material used for the coffin was extremely exquisite, and there were exquisite engravings on it.

When Yun Chujiu was looking at it, the guai Cao in her dantian was so excited that it was about to fly into the sky, and its excited target was the huge coffin.

Yun Chujiu was already speechless!

No matter what, she could still accept the food that Gou Weiba ate in the past. After all, it was just some poisonous pills and venom. Now that it actually wanted to eat that huge coffin, it simply couldn't live!

The strange grass in her Dantian shook its leaves repeatedly, indicating that it did not want to eat the big coffin, but wanted to eat the things in the big coffin.

Yun Chujiu's heart felt like it was bickering with a dog! The things in the Big Coffin? What could there be in the coffin? Wasn't that a corpse? It might even be a zombie!

Let Her die first, she really did not want to live anymore!

Just as Yun Chujiu was feeling hopeless, the four chains turned into four black flood dragons and pounced on her.

Damn!

She knew that there must be a big problem!

Yun chujiu dodged the attacks of the four black flood dragons in a sorry state. She had no other choice but to use talismans!

As for the loud noise that attracted other people, there was nothing she could do! At worst, she could only reveal the sect leader ring!

Yun chujiu raised her spiritual energy barrier and threw several explosive talismans at the four black flood dragons.

Boom! Boom!

Several loud explosions sounded. The four black flood dragons were blasted into a bloody mess. As they were too close to each other, Yun Chujiu also spat out a mouthful of blood.

This fellow was also forced into a helpless situation. This was the worst-case scenario of injuring the enemy by a thousand, but since it was an emergency, it could only be done this way.

Yun Chujiu's blood dripped onto the green stone slab, turning into four blood lines that quickly spread to the four corners of the roof.

The four chains actually loosened at the same time, and the huge coffin fell to the ground with a bang.

At the same time, the four black flood dragons also disappeared.
