

The Yun Family's Ninth Child is an Imp! Chapter 2642

Yun Chujiu's eyes were wide open. Oh My God, when did her blood become so mysterious? She actually broke all four chains?

Just as she was shocked, Gou Weiba started acting up again, so she could only focus on the coffin.

To be honest, Yun chujiu had never thought that a person's coffin could be so exquisite. Previously, she did not see it clearly when she was hanging in the air, but now she saw the exquisite carvings on it.

Of course, this fellow knew that the more beautiful something was, the more dangerous it was. Just like poisonous mushrooms, the brighter the color, the stronger the poison.

The illusion from before couldn't have come out for no reason. It was most likely caused by the thing inside the coffin. Now, the question was, should she open it or not?

According to Yun Chujiu's original intention, she naturally didn't want to open it. However, the guai Cao in her Dantian was about to go crazy. Yun chujiu had no choice but to prop up the spiritual energy cover, lengthen the rolling pin, and start to push the coffin lid.

Then, yes, she could not push it.

Yun chujiu took a closer look and realized that this damn big coffin was actually carved from one body. There was no so-called coffin lid at all!

Was there something wrong with it?

How could such a seamless coffin contain a corpse? Could it be that there was actually nothing inside?

Yun chujiu used the rolling pin to knock on it. There was a clanging sound coming from inside. It was really hollow inside. How could she put something inside without a lid?

Guai Cao started to play tricks again. Yun Chujiu was furious!

“Gou Weiba! I’m warning you. You took control of my body without my consent just now. I’ve already spared you once! If you play tricks again, I won’t hold back!”

“Don’t think that I can’t do anything to you. You’re not the only one in your Dantian. Little Jingjing and the glass ball won’t sit idly by and do nothing. Do As you see fit!”

Guai Cao’s leaves trembled. After weighing the pros and cons, it thought of di beiming, that Evil Star. It was terrified! Anyway, this little girl did not say that she would not help it take out the things inside. It would just have to wait a little longer.

After Yun chujiu suppressed the guai Cao, she began to carefully examine the large coffin in front of her. She felt that there must be an entrance to this coffin. Otherwise, how would the things inside go in?

Yun chujiu observed for a long time and finally thought of a good idea. She took out a basin of water from her storage ring and poured it on the coffin. As expected, she found a small eye that was as small as a needle’s nose.

Yun Chujiu’s discovery not only did not solve the problem, but she was even more confused.

How did the thing go in with such a small eye?

“Hey, is there anything alive in there? If you don’t want to be blown to death by me, Come Out Now! Otherwise, I’m going to make a move!”

Yun chujiu shouted a few times, but there was no movement inside. Yun chujiu gritted her teeth and was about to use the talisman to blow up the coffin, but Guai Cao didn't want to do it anymore. The meaning was obvious. If the coffin was blown up, the thing inside would be destroyed.

Yun chujiu had no choice but to try her best. She took out a large kitchen knife and began to cut the large coffin.

It was indeed a large kitchen knife that was necessary for traveling. It really did move.

Yun chujiu sniffed. Because the large coffin had been cut, the wood at the break gave off an intoxicating fragrance. She did not know what kind of wood it was, but it was so magical. If it was made into a fragrance bag, it would definitely sell for a good price. She would be rich!

Yun chujiu became more and more curious about what was inside the coffin. To be able to use such a precious wood to make a coffin, what exactly was inside? Ten-thousand-year-old dumpling? Or was it something like a crystal corpse?
