

The Yun Family's Ninth Child is an Imp! Chapter 2650

"Little Jiu, it's getting late. Let's go out!" Jin Zhi said.

"Okay, you two go back. I Won't be going back tonight," Yun Chujiu said casually as she was engrossed in reading a secret book.

Jin Zhi and ye Bingyu were both a little tired. Hearing Yun Chujiu's words, they nodded and left.

There were fewer and fewer people in the library. Although the library did not prohibit people from staying overnight, most people would leave at night.

There were night pearls hanging on the roof of the library, so it was bright even at night. Yun chujiu ate a few meat buns, took out a recliner, and continued to read.

At midnight, Yun Chujiu yawned and took out a bed from her storage ring. She lay on it and slept soundly.

What this guy didn't know was that while she was sleeping soundly, the book that she had read previously, which was covered in goatskin, slipped into her storage ring.

If she had seen it, she would have been stunned. Only the owner's spiritual sense could drive the storage ring to pick up items. It was strange that the book could slip into it by itself.

The next morning, Yun Chujiu continued to read.

This guy wanted to see if there were any clues about the guai Cao. He also wanted to find out where there was lightning, or how to absorb more lightning.

When it was close to noon, the sound transmission talisman in the storage ring vibrated. Jin Zhi's voice came from it, "Little Jiu, think of something. The law enforcement said that we went AWOL. They went to the library to catch you!"

A faint light flashed in Yun Chujiu's eyes. AWOL? It was probably a red-eyed disease, right?

Yun chujiu thought for a while and then left the library.

Coincidentally, a few disciples of the law enforcement office had already arrived in front of the library. After seeing Yun Chujiu, they said coldly, "Yun Chujiu, someone reported that you went AWOL. Come with us to the law enforcement office!"

Yun chujiu nodded lightly. "After I go through the procedures to leave the library, I'll go with you."

The law enforcement disciples did not expect Yun chujiu to be so cooperative. They were all a little surprised.

After Yun Chujiu finished the procedures, she said, "Let's go. I haven't been to the law enforcement office yet. I'll go and recognize the door. I guess I'll have to go often in the future!"

The disciples of the law enforcement office looked at each other. Was Yun chujiu scared out of her mind? What did she mean by 'go there often'? Who would be willing to go to the law enforcement office for no reason?

Perhaps the disciples of the primordial chaos sect were too bored and had nothing better to do. Soon, many disciples gathered to watch the show. They followed Yun Chujiu and the others and arrived at the law enforcement office of Dubhe Peak in a mighty manner.

Although the other six peaks also had their own law enforcement office, the Dubhe Peak's law enforcement office was the most authoritative and the most powerful. Yun chujiu could not help but

sneer in her heart. The law enforcement office was sent out just because he left his post without permission? She really had a lot of face!

Under normal circumstances, if a handyman left his post without permission, the law enforcement office could handle it. It was nothing more than punishing some sect's resources and transferring them away from their posts. Why would there be a need for the law enforcement office? Moreover, it was the law enforcement department of Dubhe Peak.

The law enforcement process of the law enforcement department was public. Therefore, Yun Chujiu was brought to a small square in the law enforcement department. Jin Zhi and ye Bingyu were already brought here.

Initially, the two of them were a little anxious and uneasy. However, when they saw Yun Chujiu's calm appearance, their emotions inexplicably relaxed. As long as Yun Chujiu was here, they felt that they had a backbone.
