

The Yun Family's Ninth Child is an Imp! Chapter 2655

Manager Zhong didn't want to talk about the meditation cave with Yun Chujiu, but a certain jiu showed no intention of leaving, so he could only briefly introduce the situation of the meditation cave.

The Meditation Cave of the Hunyuan sect was set up to punish disciples who had committed mistakes, and it was said to have existed for tens of thousands of years.

The meditation cave was located at the back of the Tianshu Peak, and it was arranged according to the number from one to thirty. The higher the number, the heavier the punishment.

The Meditation Cave No. 1 to No. 3 only had a harsh environment inside. There were no other punishments.

The Meditation Cave No. 4 to No. 9 had a harsh environment and a wind blade punishment.

Starting from the meditation cave no. 10, besides the harsher environment and the heavier wind blade punishment, there was also a gradually heavier lightning punishment.

..

Yun chujiu blinked her eyes. "Last time, you said that you wanted to send me to the Meditation Cave No. 18 to be punished. I wonder what kind of spiritual power level person can withstand the punishment inside?"

Manager Zhong's face stiffened when he heard Yun Chujiu mention the incident last time. He stammered and said, "The No. 18 meditation cave. Generally, only spiritual power level people can withstand it."

Yun chujiu glanced at him and didn't say anything. She skipped away.

Manager Zhong couldn't understand what Yun Chujiu meant. He paced back and forth restlessly in the room, he picked up his identity jade token and said, "That Yun Chujiu came to me today to find out about the situation at Siguo Cave. Although she didn't say anything, I have a feeling that she wants to take revenge on me."

A woman's voice came from the jade token, "HMPH, she's just a handyman. Look at your future! How can she take revenge on you? She's really as timid as a mouse!"

Manager Zhong heard the woman's words and felt that it was true. Yun chujiu was just a handyman. How could she really dare to do anything to him. ! He must be thinking too much.

After Yun Chujiu left the law enforcement office, she took out the complete works of the Hunyuan sect and flipped through it. Her finger tapped on one of the items. HMM, this was just right.

The place where her finger was written said, "The tenth rule of the sect: beat up a fellow disciple. Depending on the severity of the incident, divide the punishment by forfeiting the sect's resources and considering the consequences."

There were relevant rules under this rule. Yun Chujiu felt that the tenth thought hole was enough. After all, she did not know the situation of the wind blades inside, so it was better to be conservative.

Beat up a fellow disciple?

Who should she beat up?

Just as Yun Chujiu was looking for a target to beat up, someone came to her door during lunch on this day!

“Yun Chujiu, I didn’t expect that my injury would help you. If it weren’t for you, would I have been attacked by the Snow Jade Silkworm? Shouldn’t you compensate me for my loss?”

The one who spoke was Mu Wu, who had forcefully brought Yun Chujiu and the others to mulberry garden a few days ago. He deliberately exaggerated his injury and removed his position in Mulberry Garden.

He didn’t expect that Yun Chujiu and the other two would take advantage of him. Naturally, he felt very unbalanced.

Originally, he didn’t plan to come and settle the score with Yun Chujiu. However, Ye Bingying had been quite close to him recently. She had intentionally or unintentionally said that Yun Chujiu had earned a few hundred million spirit stones during the test.

As time went by, Mu Wu started to have evil thoughts. That was why he came to ask Yun Chujiu for spirit stones.

Jin Zhi and ye Bingyu stood beside Yun Chujiu. Their expressions were slightly nervous. Jin Zhi was about to open her mouth to defend herself, yun chujiu curled her lips and said, “Where did this mad dog come from? ! Don’t you know that it’s lunchtime now? Why did you come here for no reason? ! You were only bitten by the snow jade silkworm back then, and you pretended to be very serious.

“Do you think that everyone doesn’t know your purpose? “Didn’t you come here just to escape from the mission of Mulberry Garden? “How dare a coward like you extort my spirit stones? “If I were you, I would have smashed my head against the wall and died!”
