

## The Yun Family's Ninth Child is an Imp! Chapter 2663

Manager Zhong explained the purpose of his visit. The little leader who was in charge of the teleportation array immediately asked him to stand inside the array and then formed a seal with his hands.

Unexpectedly, the teleportation was not successful.

Everyone looked at each other. What was going on?

“There can only be one person in each cave in the Siguo Cave. Is Yun Chujiu still alive? But if she is not dead, why isn't she being teleported out?”The little leader asked in confusion.

“Well, can we use the identity jade token to ask?”Manager Zhong sincerely hoped that Yun Chujiu was still alive.

The leader shook his head. “The identity jade token in the cave is invalid, but the voice transmission talisman is fine. But do you have Yun Chujiu's voice transmission talisman?”

Although manager Zhong didn't have Yun Chujiu's voice transmission talisman, he felt that Jin Zhi and ye Bingyu should have it, so he asked the law enforcement disciples to bring them here.

After Jin Zhi and ye Bingyu were brought here, manager Zhong went straight to the point and asked, “Contact Yun chujiu with the voice transmission talisman and see if she's still alive. Why isn't she being sent up?”

Jin Zhi thought to herself, of course little jiu is alive! She's still alive and kicking!

She had sent a voice transmission talisman to Little Jiu yesterday. Elder Ding of Tianji Peak had sent people to find her and Ye Bingyu in the Mulberry Garden. After she communicated with Yun Chujiu, she

told elder Ding that Yun Chujiu had to be the one to handle the mating of the snow jade silkworms, that was why Tianji Peak had sent people to talk to Yun Chujiu.

Jin Zhi took out the voice transmission talisman and told Yun chujiu about what had happened. After a while, jin Zhi said to the leader, "Little Jiu said that a wind blade is blowing in the No. 10 meditation cave. It might affect the teleportation array. I'll let you try again in two hours."

Manager Zhong was relieved when he heard that Yun Chujiu was still alive.

The little leader in charge of the teleportation array felt as if his heart was going crazy. After so many years, he had never encountered such a situation. Could it really be the problem of the wind blade?

Of course, the wind blade was not a problem, but the problem was a certain jiu.

A certain Jiu hid in the side hole, so she was not teleported out.

After receiving Jin Zhi's voice transmission talisman, this guy immediately started to seal the side hole.

However, there was a problem. Even if the hole was sealed, it could still be seen that it had been artificially dug. Only a fool would not be able to see it.

This fellow rubbed his chin and pondered for a moment. Then, he took out a lot of mud from the great void mystic realm and quickly painted the walls on both sides of the hole.

Only then did this fellow nod his head in satisfaction. He believed that no one would be bored enough to dig the mud on the wall. Moreover, even if they dug the mud, it wouldn't be so coincidental that they dug the hole that she dug.

“It’s a pity that the mud hasn’t dried yet. Otherwise, I could write on it that little jiu is here for a trip or something.” A certain Jiu felt that it was quite a pity.

Just as this guy was mumbling, a white light flashed in front of his eyes. When he regained his sight, he was already sent outside.

“Yo, manager Zhong, you came to pick me up personally? Could it be that you feel guilty, so you came to apologize to me?” Yun chujiu looked at manager Zhong and said with a faint smile.

“You, you! Humph, I won’t lower myself to your level. This time, Tianji Peak is pleading for you. Next time, you won’t be so lucky!”

After saying those words angrily, manager Zhong left angrily.

Yun chujiu shouted at his back, “Hey, I’ll visit you when I have time! Let’s continue to hurt each other!”

Manager Zhong staggered, snorted, and left quickly.
