

## The Yun Family's Ninth Child is an Imp! Chapter 2664

Yun chujju curled her lips and then turned to look at the little leader who was guarding the array. "I'll have to trouble senior martial brother to buy a bag of tea leaves for everyone with these spirit stones!"

The little leader saw that Yun Chujju had actually given him a total of a hundred thousand spirit stones, the expression on his face immediately turned from disdain to enthusiasm. "Junior Martial Sister Yun, you're really too polite! As the saying goes, when the end is near, the end is near. In the future, you definitely won't come to meditate again."

Yun chujju smiled and didn't say anything. Idiot! If I didn't come again, would I give you so many spiritual stones? It wasn't like she had no money to spend!

After Yun Chujju and the other two left the meditation cave, Yun Chujju asked about the situation for the past half a month and then went straight to Tianji Peak.

After Yun Chujju expressed her gratitude., she continued, "Elder Ding, of course, we are willing to go to the Mulberry Garden to help. But last time, because of this matter, the law enforcement department almost locked me in the No. 18 meditation cave. So this time?"

"You don't have to worry. I'll handle this matter. You can go to the Mulberry Garden to help with your worries, but I can't give you so many contribution points this time."

"Elder Ding, you're being too polite! We've been friends for a long time, so how can I still need contribution points!"

Elder Ding nodded. This little girl was not bad, at least she was not too greedy.

"Well, elder Ding, we don't want the contribution points. I heard that the silk of the snow jade silkworm is very good at making clothes. Can you give us ten or eight pieces? "If we raise the silkworm once and don't even have a piece of the Snow Jade Silkworm's clothes, how embarrassing would that be!"

Elder Ding: "..."

She wasn't greedy. She was simply plucking the feathers of wild geese!

The two of them bargained, and in the end, they settled on one piece of the Snow Jade Silkworm's cloth for each person.

A certain Jiu felt that she had to have a good relationship with elder Ding, therefore, she began to remedy the situation. "Elder Ding, it's not that I'm greedy. This person needs motivation to work hard, right? Besides, you've paid us, so you want to order us around?"

Elder Ding snorted coldly. He finally understood that Yun chujiu only had a good mouth, but her heart was black.

"Elder Ding, I won't let your cloth go to waste. Well, let me give you a suggestion worth a thousand gold coins," Yun Chujiu said mysteriously.

Elder Ding was stunned. "What suggestion?"

"According to the current scale of reproduction, there will be more and more snow jade silkworms on Tianji Peak. The golden silk mulberry trees in the mulberry garden will not be enough. You'd better expand the Mulberry Garden."

Elder Ding glanced at her. "What kind of valuable suggestion is this? Even if you don't say it, I plan to expand the Mulberry Garden."

Yun chujiu giggled. "This shows that we have the same idea! However, you may have overlooked one thing. Behind the Mulberry Garden is a cliff. Even if we expand it, there isn't enough space."

Elder Ding was stunned. He hadn't thought about this. If they expanded the mulberry garden, they might have to demolish some buildings.

"Elder Ding, our Tianji Peak doesn't have space, but other peaks do! You can rent their place and pay them some rent every year!

"Of course, you can also help them build a mulberry garden and provide them with early-stage seed silkworms. However, you can't help them for nothing. One-third of the profits from their mulberry garden must be given to our Tianji Peak, "Of course, you can give them half of the profits and give them some leeway to bargain."

Elder Ding was stunned for a moment. Obviously, he didn't understand what Yun chujiu meant. Then, he stood up and said, "Excellent! Excellent! Excellent!"
