

## The Yun Family's Ninth Child is an Imp! Chapter 2670

Jin Maohou was so angry that he almost fainted!

Shameless!

Too Shameless!

How could a human be so shameless? !

If it took off there, would that be a long jump? ! That would be suicide, alright? !

“Yo, you don’t dare to jump anymore? TSK TSK, how about it, you’ve lost, right? A willing loser admits defeat. If you don’t want to lose the face of the Demon Beast, then obediently stand by the side and watch me build the door.

Of course, if you don’t care about your face, then you can pretend that nothing has happened. Anyway, you demonic beasts don’t have so-called moral integrity.”Yun chujiu hugged her shoulders and said disdainfully while shaking her feet.

Jin Maohou really wanted to go back in time. If that was the case, he definitely wouldn’t agree to make a bet with this insidious, treacherous, and thick-skinned little girl.

However, it was too late to say anything. As a level 47 demonic beast, it naturally could not go back on its words.

Jin Maohou roared a few times, but it still walked to a corner with its head drooping. It lay there and glared at Yun Chujiu with incomparable hatred.

Yun chujiu nodded with satisfaction. "TSK tsk, don't tell me you still keep your promise! Here, I'll give you some delicious food. Play by yourself! I'm going to build the door!"

As Yun Chujiu spoke, she took out a demon beast corpse from her storage ring and threw it to Jin Maohou. Then, she continued to build the door with a large kitchen knife.

Jin Maohou did not want to eat this food, but it was too aggrieved. Therefore, it turned its anger into appetite and started to eat.

Yun chujiu only hacked a few times before a white light flashed in front of her eyes. She had already reached the sixth level of the Black Tower.

There were no corpses or demonic beasts on this level. There were wind blades everywhere, and there was nowhere to hide.

The defensive spirit tools and immortal tools on Yun Chujiu's body were all shattered, and she could only barely rely on her spiritual energy shield to hold on.

"Damn it, I've suffered a great loss this time! Once I return to before liberation, there's nothing left!" Greed Nine's heart ached so much that she could not take it anymore.

At most, in fifteen minutes, her spiritual energy shield would not be able to hold on anymore. What should she do? Hide in the Great Void Mystic Realm?

It seemed like there was no other way, but this fellow felt that she could not let this damned black tower off so easily.

Hence, she supported her spiritual energy shield to a corner and continued to build the door.

Eh?

This fellow discovered that the walls she had cut would no longer have wind blades shooting out. It was so magical, wasn't it? !

This fellow grinned happily!

I'll cut, I'll cut, I'll cut, I'll cut, I'll cut!

Yun chujiu forced the three in her Dantian to continuously spit out thunder spirit energy so that she could continue to support the spirit energy barrier. Then, she began to jump up and down to cut the walls.

"Qi Ling of the Black Heart Liver, I'm warning you. If you don't let me out, I'll Chop This place into a hornet's Nest! I'll let you have a good ventilation everywhere!"

The people outside the black tower noticed that the black tower seemed to be having a seizure, and it was trembling non-stop.

Damn, it seemed like the black tower wasn't going back underground, it seemed like it was going to collapse! Could it be that it had been in disrepair for a long time?

At this moment, the black tower stopped trembling.

The reason was very simple. A certain jiu, who was chopping the wall, had been teleported to the seventh floor.

This fellow was extremely proud in her heart. With a large kitchen knife, she was invincible! If she had known that the big kitchen knife was so good, she wouldn't have suffered so much!

Obviously, this guy was too proud. When she regained her sight, she found that everything was pitch black. She quickly took out the luminous pearl to illuminate the area.

This guy was really shocked when he saw the scene in front of him. If this guy wasn't so bold, he would have already fainted.
