

The Yun Family's Ninth Child is an Imp! Chapter 2671

The scene before her eyes was clearly the legendary Hell's palace. The surroundings were filled with screams of agony, wails of oil, heart gouging, and dismembering. All in all, it was a cruel torture that was unbearable to look at.

Those little ghosts were all strangely shaped. They had green faces and fangs, and they had blood-red tongues sticking out. It was extremely terrifying!

Before Yun Chujiu could finish her observation, she felt that she was being held down by someone. She wanted to break free, but she could not. It was as if all the spirit energy and strength in her body had disappeared.

At this moment, there was suddenly light in the room, but it was flickering, making it even more eerie and terrifying.

She turned her head and looked. To her left was a ghost with a bull's head, and to her right was a ghost with a horse's face. Was this the legendary bull's head and horse's face?

Just as Yun Chujiu was thinking about it, her body was forcefully brought to the front of a desk. A fierce-looking man with a full beard glared at her fiercely.

"Yun Chujiu!" "Now that your life is over, that's why you came to the netherworld. "You committed a lot of sins when you were alive, so from now on, you will have to endure the torture of the eighteen levels of hell endlessly."The man said fiercely.

Yun chujiu blinked her eyes. "From what you said, you are the King of Hell?"

"That's right, it's me! Take him away and be tortured!"The King of Hell said impatiently.

“Wait! Shouldn’t the King of Hell have a Judge? Shouldn’t he tell me the time, name, and process of all the people I’ve killed?”

You want me to receive the punishment just like that? Isn’t that too against the procedure? I’ll die at least once, so let me see the whole process! “This isn’t the fake King of Hell, is it?” Yun Chujiu said with a face full of regret.

Hell’s King was dumbfounded. You’re already a ghost, why are you still asking for the complete set of procedures? You’re simply sick!

“Since you want to see the complete set of procedures, this king will satisfy you. However, the judge happened to be out on an errand, so you can wait here first! Look at the fate of these cultivators!” Hell’s King’s eyes flickered for a moment, he said coldly.

“Okay, okay, no problem. I love to see people being tortured! It’s best to make their screams louder. I always feel that their screams are not so sincere!” Yun Chujiu said excitedly.

King Yama felt very tired. How could there be such a pervert? Normally, when they saw such a horrifying scene of torture, shouldn’t they be trembling in fear?

“Hey, that kid who fried people in the frying pan. Right, I’m talking about you. You should at least take off his clothes and throw them inside! If his clothes have heat insulation, wouldn’t your efforts be in vain?”

“Also, that, that one who was cut into a thousand pieces, the Knife You’re holding is too big, right? I reckon that the person who can’t be cut into a thousand pieces will only be a skeleton! Hurry up and change to a small knife!”

“The one who dug out the heart, I’m too embarrassed to Scold You! Before you became a ghost, didn’t you not even kill a chicken? Don’t you know how fast, accurate, and ruthless you are? You’re so hesitant and dilly-dallying, I really can’t Stand Watching You!”

..

King of Hell looked at Yun chujiu who was chattering away in a daze. Why did he feel that this little girl was more suitable to be king of Hell Than Him?

“Oh, King of Hell, let’s talk about it. I see that your underlings are not very familiar with the business. How about I help you train? Of course, I can’t train for nothing. You should at least pay me some compensation!

“Oh right, what is the currency of the underworld? Is it the underworld currency?”Although Yun chujiu could not move her body, her vivid facial expression was enough to represent her greedy face.
