

The Yun Family's Ninth Child is an Imp! Chapter 2673

"Beg your head! You Dare to play tricks in front of me? ! Bullsh * t hell! Is this how it works in Hell? Just put on a Show! Yama, look, your crown is upside down!"

Yama subconsciously touched the beaded curtain of the crown and realized that it was not upside down. He suddenly realized that he had been fooled!

"You want to lie to me in a small illusion? I have never been to the netherworld, so I'm just playing with you! Now I'm not in the mood to play with you. Get lost!" Yun Chujiu said coldly.

As she spoke, the Netherworld in front of her suddenly disappeared. At this time, she was still in a stone room.

Yun Chujiu took out a large kitchen knife and gestured in the air. "Qi Ling, don't bother. Even if you get me to the eighth and ninth levels, I'm not afraid of You!

Other than demonic beasts, illusions, and wind blades, what else do you have? If you know what's good for you, then quickly release me. Otherwise, I'll Turn Your Black Tower into a hornet's Nest!"

Yun chujiu faintly heard a disdainful snort and was then transported to the eighth level.

Yun chujiu opened her eyes and saw countless remnant souls baring their fangs and brandishing their claws as they pounced on her. Not only was Yun Chujiu not afraid, she even laughed so hard that she fell backwards.

"Qi Ling, is your brain damaged? You actually used remnant souls to deal with me? Hahaha, I'm dying of laughter! Damn, I never knew there was such a stupid Qi Ling. Don't tell me you don't have a brain at all?" Yun chujiu held up her spiritual energy cover and laughed heartily.

Qi Ling, who was hiding somewhere, felt that this guy was most likely sick! What was wrong with remnant souls? Remnant souls were also very powerful, okay? Moreover, these remnant souls are the remnant souls of ancient cultivators, and there are many of them. It's simply too easy to kill you!

Laugh! Laugh! In a moment, you won't even be able to cry!

At this moment, the little girl took out a jade bottle from her storage ring. It seemed to be an ancient green jade. How could she have an ancient green jade porcelain bottle?

Just as the weapon spirit was puzzled, it saw the little girl open the bottle Cork. Whoosh, whoosh, whoosh, several remnant souls floated out.

Then, the little girl took out another jade bottle, and countless remnant souls floated out of it..

The weapon spirit watched helplessly as the remnant souls released by the little girl were twice as many as what it had produced. F * ck, there was no way to Live!

Where did this monster come from? !

It was fine that she had a broken kitchen knife in her hand, but she actually had a remnant soul? How could she have a remnant soul? Moreover, it was the remnant soul of an ancient cultivator?

Yun chujiu did not care what the weapon spirit was thinking. With a wave of her hand, the remnant souls of both parties clashed together.

Yun chujiu sneakily attacked from the side from time to time and kept persuading them to surrender. "Hey, I say that you remnant souls should quickly surrender!"

“Do you see my friends? They are so comfortable following me outside, but you can only stay here. Don't you feel aggrieved?”

“The colorful world outside is waving at you, and the girls and boys outside are smiling at you. Come into my bottle quickly. This is the best place for You!”

..

Although those remnant souls were a little muddle-headed at the beginning, they became clear-headed as they fought with their spiritual senses. When they heard Yun Chujiu's words, they could not help but be tempted.

Who would be willing to be enslaved by the tool spirit in this black tower? Since those remnant souls could go outside, why couldn't they?

Qi Ling could feel the thoughts of those remnant souls and almost vomited blood! If it didn't put those remnant souls away, it was afraid that it would be kidnapped by this damn little girl!
