

## The Yun Family's Ninth Child is an Imp! Chapter 2677

Everyone was too shocked, so no one thought of catching a certain jiu who had popped out. Fortunately, Master Baili reacted at the last moment and pushed her horizontally, reducing some of the force.

Even so, a certain jiu still fell on her butt.

This fellow could be considered to hate the black tower. She thought that since she still had to look for trouble in the future, she would come over and chop it a few times.

Perhaps the black tower knew what Yun Chujiu was thinking. It trembled a few times and then quickly sank into the ground.

In the blink of an eye, only the bare land was left. The black tower disappeared in front of everyone.

A certain jiu blinked her eyes. This matter was a little too big. She might be expelled from the sect. She had to think of a way to say it.

Thus, this fellow rolled his eyes and fainted!

Of course, it was a fake fainting. This fellow was going to use the time when he fainted to think about his excuse.

Master Baili and the others also regained their senses at this time. The first thing they naturally did was to interrogate Yun Chujiu.

When everyone saw that Yun chujiu had fainted, Master Baili took out a pill and fed it to Yun Chujiu. A certain jiu "Woke up" at the same time.

“Oh my God! It’s so scary! It scared me to death! It’s all ghosts!” Yun chujiu opened her eyes and shouted.

All Ghosts? Everyone was extremely curious. What exactly was inside the asura prison?

“Yun Chujiu! Do you know that you’ve made a big mistake? ! Why Don’t you tell us the truth?” Master Baili’s face was as dark as water.

Yun chujiu looked around. “Master Baili, can we go somewhere else? I’m really a little scared here. I’m very timid.”

Master Baili snorted and thought to himself, you’re Timid? A timid person would intrude into the forbidden area in the middle of the night? If he didn’t know that this little girl was the number one enemy of the Divine Devil Hall, he would have guessed that this little girl had evil intentions.

However, Master Baili also felt that this was not a good place to talk. Therefore, everyone left the forbidden area and went to the meeting hall of Yuheng Peak.

“Tell me, what exactly happened? Why did you appear in the Forbidden Area? What was the situation inside the asura prison? How did you get out?” Master Baili asked a few questions in a row.

Yun Chujiu’s heart moved. From the meaning of this, they did not know that she used the talisman to blow up the forbidden area. However, it was also true that when she blew up the forbidden area, the patrolling disciples did not see it, so it was easy to deal with.

“Headmaster, I know my mistake. I happened to pass by the forbidden area and found that there was nothing on it. I was very curious.

So, I took advantage of the high moon and dark wind to sneak in. “I was really just curious. Who knew that just as I slipped in, I heard a few loud bangs, and then I could not move.

“After that, it was what the patrolling disciples saw. I stuck to the top of the tower and could not move even if I wanted to. Then, I was sucked into that Damn Black Tower.”

Mountain master he of Yuheng Peak interrupted her and asked, “What was the situation inside the Black Tower? which floor were you transported to?”

“I don’t know which floor I was transported to either. In any case, there were corpses hanging on the stone walls of the house. They were lifelike corpses. I saw that their clothes were not quite the same as ours. They seemed to be people from the ancient times.”

Ancient times? Mountain master he and the others were shocked, but they thought it was true. The Black Tower seemed to have a big background. The people trapped inside were obviously from the ancient times.

“I’m a timid person. How could I have seen such a scene? It scared me. If I hadn’t been thinking about evil, I would have fainted.”Yun Chujiu said while trembling.
