

## The Yun Family's Ninth Child is an Imp! Chapter 2681

Yun chujiu stood in the middle of the teleportation formation and said, "Senior brother, come on, let's start the teleportation!"

The leader reminded Yun chujiu for the sake of the spirit stones, "No. 15 meditation cave, there will be wind blades and lightning attacks every hour. You have to be careful."

Yun chujiu nodded, "I know, hurry up and teleport. Come back as soon as possible!"

The corner of the leader's eyes twitched. I think you should die as soon as possible. This is the first time I've seen someone so eager to go to the reflection cave.

A white light flashed in front of her eyes. When Yun Chujiu regained her sight, it was already the 15th Reflection Cave. Coincidentally, it was the time when the wind blades attacked.

"Damn it. Fortunately, I got a lot of defensive spiritual weapons from the weapon spirit. Otherwise, I would have lost half my life." Yun chujiu avoided Qi Ling while criticizing him.

The wind blades of No. 15 reflection cave were much stronger than No. 10 Reflection Cave. If this guy didn't have enough defensive spiritual weapons, he would have been in trouble.

This guy was glad that she was still cautious and didn't choose a higher-level reflection cave. It seemed that she should go out and get more defensive spiritual weapons, preferably immortal ones, so that she could be prepared.

After 15 minutes, the wind blade finally retreated, followed by several bolts of lightning.

She immediately threw her previous thoughts to the back of her mind. For these bolts of lightning, it was worth it to risk everything. The lightning here was much stronger than in Cave No. 10.

While she was being struck by the Lightning, she took the time to dig a hole. Otherwise, when the wind blade came again, she would be in trouble.

Fifteen minutes later, although Yun Chujiu was reluctant to leave, the Lightning still stopped.

This guy sighed and continued to dig a hole. He didn't care whether it was flat or not; he had to hide his body first

In the following period of time, this guy was happily struck by the Lightning. She felt that if she was struck for two or three months, she should be able to make a breakthrough.

Unfortunately, Mountain Master Zhuo of Tianji Peak was afraid that Yun Chujiu would be ordered to stay in the No. 15 meditation cave, so he went to master baili every now and then to plead for mercy. In less than a month, the law enforcement department issued a document, they had to release Yun Chujiu in advance.

The little leader had learned his lesson from the last time, so he first summoned Jin Zhi to ask Yun chujiu about it. He planned to wait for the wind blades to stop before sending Yun chujiu out.

Yun chujiu was holding her breath. It wasn't easy for her to find a suitable meditation cave, but old man Zhuo wasn't helping at all!

However, it was also her fault. who asked her to be so versatile. Sigh, being too outstanding was also a burden.

Yun chujiu blinked her eyes and talked to Jin Zhi.

Jin Zhi repeated Yun Chujiu's words with a stiff face, "Little Jiu said that she knows that she has sinned deeply, so she won't be released early. She has to stay in there for three months."

Whether it was the leader or the law enforcement disciples, they were all dumbfounded. It was the first time they had met such a weirdo. How could she stay in there and not come out? Was he crazy?

With no other choice, the law enforcement disciples had no choice but to return to the law enforcement office and report the matter to manager Zhong, who then reported it to Elder Chu.

Elder Chu went to Tianji Peak and reported the matter to mountain master Zhuo, who had a stiff expression on his face. What did he mean? Was that little girl crazy?

Mountain Master Zhuo was so angry that he decided to ignore her. If she was willing to be a sieve inside, then so be it! As long as she wasn't dead, it was fine. The mating period of the snow jade silkworm was still far off!

A certain Jiu had been in there for two months as she wished. On this day, she felt that she could break through.
