

The Yun Family's Ninth Child is an Imp! Chapter 2693

Yun Chujiu had a righteous look on her face, but the villain in her heart was rolling around in laughter. She had finally taken revenge for what she had done back then. Humph, it was never too late for Little Jiu to take revenge!

Elder Jing had woken up by now. Although he hated Yun Chujiu to death, he couldn't say anything in public. He glared at Yun chujiu fiercely, then rode his sword and left.

Elder Jing had just flown into the air when he heard the little girl say proudly, "One last thing, I'll do whatever I want in the future. Whoever dares to provoke me who owes me, I'll kill you!"

Elder Jing's body swayed and he almost fell off the flying sword again. He could see that this little girl's apology was fake, but she was really here to show off!

However, this little girl was really brainless. Her arrogance must have caused a lot of people to be dissatisfied, and they would definitely find trouble with her. She was really stupid!

How could he have known that a certain Jiu had done this on purpose to attract some hatred so that she would be able to get away with it!

A certain Jiu jumped off the high platform and walked to elder Yuwen's side. "Elder Yuwen, let's go. We'll go to the law enforcement office."

After walking for a distance, elder Yuwen could no longer hold it in and said with a straight face, "You little girl is good at everything, but your personality is too flamboyant. Your words just now will definitely attract the displeasure of many people."

After hearing that, Yun Chujiu's impression of elder Yuwen became even better. She said with a smile, "It's okay. I know what to do."

Elder Yuwen saw Yun Chujiu's stubborn look and shook his head. He would know when she had suffered a few losses. Young people still thought things were too simple.

Elder Yuwen handed Yun chujiu over to the law enforcement office and passed on the results of Master Baili's punishment. Then, he left.

When the law enforcement disciples saw that Yun Chujiu had committed another crime, they were speechless. They remembered that when Yun Chujiu first came, she had said that she would come often in the future. They did not expect that her words had come true!

Elder Chu had people bring the document to escort Yun Chujiu to the cave of reflection. When the small leader of the teleportation formation saw that Yun Chujiu had come again, he was overjoyed. Damn it, the Lady of Fortune had come again!

The first time they met, the second time they became familiar with each other. This time, both sides were like old friends meeting.

The small leader: "Yo, Junior Sister Yun, you're here again? What crime did you commit this time?"

A certain jiu: "Don't mention it! I didn't do anything. I just beat up an inner sect disciple and made elder Jing dizzy from anger. Do you think this is a problem?"

The Little Leader: "..."

Isn't this a problem? You're really courting death!

In all these years, he had never seen anyone who would come to think and think every now and then. Moreover, this person was smiling as if he was going somewhere!

Yun chujiu stood in the middle of the teleportation array with familiarity. "Come on, go early and come back early."

The little leader was already powerless to complain. He activated the teleportation array and sent Yun Chujiu to the No. 14 meditation cave.

When Yun Chujiu arrived at the No. 14 Meditation Cave, it was completely silent inside. A certain jiu quickly began to dig the cave, in case the wind blades arrived and she was in trouble.

However, after four hours, there was no movement inside the cave. Not even a single wind blade, let alone thunder and lightning.

This fellow could not help but feel a little guilty. Could it be that she had made a breakthrough in the No. 15 meditation cave last time and caused the No. 14 meditation cave to be damaged?

That was not right. Although there was no thunder and lightning in the No. 15 meditation cave, there were wind blades. It did not make sense that there was nothing in the No. 14 meditation cave.
