

The Yun Family's Ninth Child is an Imp! Chapter 2697

Master Baili was shocked and quickly ordered someone to activate the ancient formation.

“There is an ancient formation inside the cave of reflection. Yun chujiu will be fine. “Moreover, the teleportation formation leading to the cave of reflection must pass through the area where lightning strikes. For the time being, it is impossible to pass through. So tell her to stay in the cave of reflection in peace.” Master Baili said after pondering.

Jin Zhi was depressed. If it was an ordinary person, it would naturally be the best choice to stay in the cave. Unfortunately, Hei Xinjiu loved being struck by lightning the most! If she couldn't get out, she would definitely be so depressed that she wanted to bang her head against the wall.

Sure enough, when Jin Zhi told Yun chujiu the result, she received a scolding from Yun chujiu: “Damn that little leader, he's just an ingrate! To think that I gave him so many spirit stones, and he actually ran away without caring about me!

Wait for me to get out, see how I'll deal with him!”! “And that old man Bai Li, he doesn't know how to care about his disciple at all, and actually allowed me to stay in the reflection cave and not care about him.”

The corner of Jin Zhi's eyes twitched. “This isn't all thanks to Master Baili, he's been in a terrible state recently. I've only just heard that a lot of our primordial chaos sect's spirit Qi has disappeared for some unknown reason.”.

“I heard that a huge ball of spiritual energy has formed at the back of the Tianshu Peak. It seems that the heavenly lightning is heading towards that ball of spiritual energy.”. “Since you can't come out, just stay inside!”! “I reckon that the heavenly lightning will end very soon. At that time, I will beg Master Baili to let you out.”

Yun Chujiu's muffled voice came from the voice transmission talisman. “Alright, you guys be careful too.”

Yun chujiu put down the voice transmission talisman and rubbed her chin, pondering. A huge ball of spiritual power? Could it be that a treasure was about to appear?

No Way! Whether it was for the treasure or for the heavenly lightning, she had to go out!

Since she couldn't teleport out, then she would dig out! Perhaps this place was very close to the outside and she would be able to get out in an instant!

This guy did it without hesitation. Moreover, he had learned from the previous lesson. This time, the angle was slightly higher so that he could dig out faster.

This guy had just dug a short distance away. It was unknown if it was a coincidence or if the heavenly lightning was to strike her, but the tunnel collapsed by the heavenly lightning!

This made Hei Xinjiu extremely happy!

She climbed out against the heavenly lightning to take a look. There was indeed a huge ball of spiritual energy not far away, but the ball of spiritual energy was rapidly shrinking.

This Guy's face stiffened. eh? Why did this ball of spirit energy seem to be at the position of the cave of reflection on the 14th? Could it be that the treasure in her heart was not herself?

This fellow slapped her thigh as she thought about it!

Damn it! It must be because she had been refining pills with the heaven and earth furnace for the past few days that there was a large amount of spirit energy gathering. This heavenly lightning must have been attracted by the pill refining!

This fellow was dancing with joy. She felt that she had discovered something extraordinary. Using the Heaven and Earth Heaven and earth furnace to concoct pills could actually attract heavenly lightning. hahaha! Then, would she still have to worry about not being struck by Heavenly Lightning in the future?

After figuring out the sequence of events, what she needed to do now was naturally to enjoy the baptism of the heavenly lightning!

This fellow lay sprawled on the ground, feeling really blissful!

This heavenly lightning strike was still more comfortable! It was countless times stronger than the heavenly lightning in the Si Guo Cave!

This fellow also brought out the Xiao Heiniaoy and Xiao Mogu, and the three perverts began to happily suffer the lightning strike.

Wu Yun in the Sky had a face full of confusion. Originally, it had used the heavenly lightning to punish someone because someone had refined a large number of heaven grade medicinal pills.

At the beginning, it had not been able to find the culprit, so it was a little flustered. It had finally hacked the culprit out of the ground with great difficulty, and originally thought that it would be able to complete the mission very quickly.

But now, who could tell it what the three perverts on the ground were? Why couldn't it be hacked to death?
