

The Yun Family's Ninth Child is an Imp! Chapter 2699

"Master, the sound transmission talisman we sent to Little Jiu has failed. She must be in danger. Let Her out quickly!" Jin Zhi cried.

Master Baili did not take it to heart. He thought that this must be a trick that Yun Chujiu, that little girl, wanted to be released in advance. However, he still asked the people from the law enforcement office to let Yun Chujiu out.

The little leader who was guarding the teleportation array was a little guilty. He knew that according to Yun Chujiu's temper, she would definitely teach him a lesson when she came out.

Therefore, he began to form seals while trembling in fear. He did not expect that nothing was sent out!

The little leader comforted jin zhi, "Maybe the wind blade is blowing right now. After an hour, I will try again."

After an hour, the little leader formed seals again, but nothing was sent out.

Two hours passed, but it still did not succeed.

This time, not only Jin Zhi was panicking, but the little leader was also panicking.

If this Yun chujiu really died, it would be hard for him to escape responsibility. However, even if she was dead, there should at least be a corpse? Why was there nothing?

Jin Zhi anxiously went to find Master Baili. Originally, he was just a small handyman, so how could master Baili take him to heart. However, Yun Chujiu frequently went to his place to brush her face, and because of the Divine Devil Hall, Master Baili was still quite attentive.

Immediately, they really went to the teleportation array of the reflection cave to check.

The little leader told them about the matter, and Jin Zhi took the initiative to ask to go in to check.

The little leader smiled bitterly and said, "If there are people in the reflection cave, the others can't be teleported in."

In order to make Jin Zhi believe him, the little leader called over a disciple on duty. Sure enough, there was no way to teleport in.

Jin Zhi and ye Bingyu's faces were pale. What should they do? Could they only wait?

Master Baili was also frowning. The recent events in the primordial chaos sect were all strange and bizarre. Why was this reflection cave abnormal?

He had no choice but to invite the four supreme elders out again to ask for the method to save Yun Chujiu.

The four supreme elders shook their heads repeatedly. "Since the sect was founded, the cave of reflection has existed. Even the teleportation array was left behind from ancient times. Therefore, there's nothing we can do."

When Jin Zhi heard this, she immediately felt her head buzzing.

Fortunately, Yun chujiu often had such incidents, so she had some mental resilience. An Feng had no choice but to tell the news to di beiming.

When the people of the primordial chaos sect heard that Yun Chujiu was most likely dead, more than half of them were gloating! They couldn't blame others. Yun chujiu had been too high-profile and attracted too many hatred points.

The ones who were the most upset were mountain masster Zhuo, elder Jiang, and the others of Tianji Peak. The little girl had died, and their plan to breed snow jade silkworms had been aborted.

Therefore, the little leader who was guarding the cave of reflection was blamed!

He was charged with leaving his post without permission, and he became a servant instead of an inner disciple.

The little leader was so depressed that he almost committed suicide. However, after thinking about it, he realized that he had brought this upon himself. If he had mustered up the courage to let Yun Chujiu out, there wouldn't have been anything else.

Then, what was Hei Xinjiu doing?

Ever since Hei Xinjiu realized that her spiritual power could not be used, she could only place her hopes on the teleportation formation.

Unfortunately, after a day and a night, there was still no movement. She knew that she could not count on the teleportation formation and could only save herself.

Without spiritual power, the storage ring could not be used, and the items in the great void mystic realm could not be taken out. The biggest problem was, how could she survive without food and drink?
