

## The Yun Family's Ninth Child is an Imp! Chapter 2702

More beasts were more powerful. In less than half a day, the hole they dug was already very, very deep.

Master Baili and the others saw that the beasts didn't pay much attention to them, so they got closer and closer. They stretched their necks and looked into the hole. There was nothing but mud.

However, looking at the beasts, they seemed to be even more excited. This meant that the thing they were looking for was getting closer and closer. What exactly were they looking for?

As time passed, only a few scattered demonic beasts were still rushing over. Master Baili and the others let out a sigh of relief. It seemed that it wasn't a demonic beast riot, but only some nearby demonic beasts had come over.

The demonic beasts dug for an entire night. When the Sun had just risen the next day, Master Xiahou of the murderous origin sect came to join in the fun again!

Master Baili had originally planned to shut him out, but he didn't expect this person to be so eloquent. He said that the abnormal demonic beasts were a major matter related to the immortal origin continent, and it wasn't a matter of the entire primordial chaos sect. Moreover, he stated that.., no matter what good things there were, he wouldn't take them.

If not for Master Baili's status, he would have spat at Master Baili. You shameless old man, even if there were good things, they were in the territory of the primordial chaos sect. If master Baili dared to take them, he wouldn't be beaten to death!

Since Master Xiahou had said so much, master baili had no choice but to ask someone to invite him over.

Master Xiahou looked at the situation in front of him, and his face was immediately filled with shock!

In front of him was a deep pit that could not be seen at the bottom. If it was dug by manpower, it would take a long time. However, because there were many demon beasts that were good at digging holes, it only took one night to do it.

Master Xiahou looked at the demon beasts again. Although there were many of them and they looked excited, there was no law of the jungle. Each and every one of them seemed to be only interested in the things in the deep pit. What on Earth was down there?

Another half a day passed, and the sound of digging was no longer heard. Instead, it was the sound of claws hitting hard objects.

Everyone's expression brightened. However, the light in the pit was dim, and there were many demonic beasts in it, so they could not see clearly.

Everyone was anxious!

They wanted to drive the demonic beasts away, but there were too many of them. Once they were angered, there would be a fierce battle.

At this moment, the emotions of the demonic beasts changed.

They seemed to have turned from excitement to confusion, and the demonic beasts that were good at digging holes also stopped moving.

Then, the demonic beasts seemed to have woken up from a dream, especially the low-level demonic beasts that started to run for their lives.

The low-level demonic beasts rampaged, so the high-level demonic beasts naturally wouldn't just stand there in a daze. Thus, the scene instantly became extremely chaotic.

Fortunately, Master Baili and the others had high spiritual power, and there were quite a number of them. Those demonic beasts didn't go up and attack them insensibly.

After a period of chaos, the back mountain of Dubhe Peak finally regained its peace.

Only then did everyone jump into the deep pit one after another. They saw that there was actually a stone slab under their feet, and it was a material that they had never seen before.

Obviously, there should be a secret room or something under the stone slab. Everyone was excited. There must be a treasure inside, or else the demonic beasts wouldn't be so crazy.

However, no matter how many methods they used, they still couldn't open the stone slab.

They had no choice but to find more disciples to continue digging. Finally, they saw the entire stone chamber.

The entire stone chamber was one, without a single crack. Everyone tried their best, but they still couldn't open it.

At this moment, master Xiahou said from the side, "I have a way to open this stone room. However, if you want my help, you must give half of the treasures inside to our Shi Yuan sect."
