

The Yun Family's Ninth Child is an Imp! Chapter 2705

Yun Chujiu had ten thousand reasons to avoid it. However, when she thought about how good it was to enjoy the shade under a big tree, it was better not to offend Master Baili. Thus, she decided to make a breakthrough with Master Xiahou.

“Master, you are right. This matter was caused by me. Naturally, I should take full responsibility. That, Master Xiahou, didn't you say that you would find half of the treasure? I am that treasure. Of course, it is immoral for a living person like me to be split in half.

However, I can be a servant for Your Shi Yuan sect! From now on, I will stay for three months and guarantee to serve the two sects fairly and justly. What do you think? My fire-lighting skills are really good. I guarantee that you will get a good value for your money!” Yun Chujiu said with a smile.

Master Xiahou:”...”

Master Baili:”...”

Oh My God, is there such a shameless person in this world?

Why would the murderous Yuan sect need a handyman to light a fire? Besides, with you causing trouble every few days, I'm afraid that you will have to pay for it. The murderous Yuan sect wouldn't want it either.

Sure enough, Master Xiahou was so angry that he rolled his eyes. As the sect master of a sect, he had never been treated with such leisure. Today, he had learned what it meant to be shameless! Bai Li Yin was shameless, and this Yun Chujiu was even more shameless!

The more master Xiahou thought about it, the angrier he got. He glared at Yun Chujiu fiercely. “Fine, since that's the case, you will come back to the murderous Yuan sect with me. From now on, the kitchen stove of the murderous Yuan sect will belong to you alone!”

Master Baili was originally watching the show from the side, but he didn't expect Master Xiahou to really take Yun chujiu away. How could he allow such a ridiculous thing to happen, he quickly said, "Master Xiahou, calm down. I was just joking just now. It's only 100 million upper-grade spirit stones. There's no need for you to be so angry. I'll transfer it to you."

Master Xiahou was also trying to fight for his reputation. He sneered and said, "I don't want your spirit stones. I want this little girl who is lighting the fire!"

Master Baili tried to persuade him for a while, but Master Xiahou was too stubborn. Moreover, he liked to go against Master Baili. No matter what, he had to take Yun chujiu away.

Moreover., master Xiahou said with conviction, "Bai Li Yin, we have an agreement. If we dig out half of the things, then we will stay here for three months according to what she said. Goodbye! After three months, we will naturally send someone to send her back!"

Master Xiahou glared at Yun Chujiu. "What are you waiting for? Hurry up and leave with me!"

Yun chujiu blinked her eyes. It was good to go to the murderous Yuan sect for a walk. The people of the murderous Yuan sect were considered her juniors. She would just treat it as an inspection!

Master Baili saw Master Xiahou's intention and he was in the wrong, he could only say, "Xiahou Lin, don't blame me for not reminding you. This little girl is not an easy person to deal with. If she gets into trouble, Don't blame me! Besides, you know about her and the Divine Devil Hall. You have to protect her little life."

Master Xiahou snorted, "What can a little servant get into trouble for? As for her little life, that depends on her own ability!"

Master Baili knew Master Xiahou quite well. He knew that even though he said so, he would still look at Gu Yun Chujiu. Therefore, he felt that he should let Yun Chujiu cause some harm. Ah, no., it was not bad to experience the life of the Shi Yuan sect.

This was because, for some reason, master Baili felt that the recent mess seemed to have something to do with this little girl.
