

The Yun Family's Ninth Child is an Imp! Chapter 2708

Yun chujiu looked around and then whispered to manager Liu, "Senior brother Liu, can we talk further?"

Manager Liu rolled his eyes and brought Yun Chujiu to a room next door.

"Senior brother Liu, there are some secrets that I shouldn't reveal, but you and I are like old friends at first sight, so I'll let you know a little more," Yun Chujiu said mysteriously.

Manager Liu had always been curious about his good fortune. Now that he heard Yun chujiu say this, he was naturally curious and asked anxiously, "Junior Sister Yun, tell me quickly. What is it?"

"To tell you the truth, I have been assigned an important task by the sect leader. Of course, it is not convenient for me to tell you what task it is. You can just arrange me to the big kitchen. I will handle the rest." Yun chujiu showed a proud expression.

Manager Liu was skeptical and felt that it was impossible. Why would master Xiahou arrange a little girl to do an important task? Moreover, it was a small handyman who went to the big kitchen to start a fire.

Yun chujiu looked around, then, she took out Master Xiahou's voice transmission talisman and shook it. "Do you see it? What is this? It is Master Xiahou's voice transmission talisman! Do you know why you gave me the voice transmission talisman? This is for me to report to him at any time!"

Although manager Liu had never seen Master Xiahou's voice transmission talisman, he had heard that Master Xiahou's Voice Transmission Talisman had a special mark in the lower right corner. When he looked carefully at the talisman in Yun Chujiu's hand, it was really master Xiahou's voice transmission talisman.

Manager Liu immediately believed it ninety percent. His attitude towards Yun chujiu immediately became obsequious. "Junior Sister Yun, I didn't expect that you would be valued so highly by the master at such a young age. Your Future is boundless!"

Yun chujiu smiled and shook her head. "Senior brother Liu, you flatter me!"! I'm just helping the sect master with some matters. I'm new here. Senior brother Liu, can you help me introduce some basic information about the murderous origin sect? Or is there anything that I need to pay special attention to?"

Manager Liu was looking forward to it, so he told Yun chujiu everything that he knew.

Yun chujiu did not show any emotion on her face, but she was very surprised. She did not expect that although the murderous origin sect was very similar to the primordial chaos sect in many ways, the essence of this sect was completely different.

The Primordial Chaos sect advocated unity and mutual assistance, and strictly forbade disciples from killing each other.

The murderous origin sect, on the other hand, was the survival of the fittest. It did not prevent disciples from killing each other. It was just that they did not allow private fights to take place on the competition stage. Moreover, as long as one party raised a challenge, the other party did not have the right to refuse. They had to go on the competition stage.

According to manager Liu, people would go to the competition stage every few days to seek revenge. It was also common for people to die.

However, fortunately, the killing origin sect was well-known. There were many people who came because of their reputation, so they did not take the deaths of their disciples to heart.

Yun chujiu thought to herself, this killing origin sect is so brutal!

However, her actual spiritual power had already reached the fifth level of the spiritual void tier. Moreover, she had absorbed the Heavenly Lightning before and was on the verge of breaking through

again. It would not take long for her to break through again. Moreover, she still had a lot of talismans. Anyone who offended her would be courting death!

Manager Liu briefly introduced some things to take note of. Then, he gave Yun chujiu a set of sect resources. Then, he sent his men to bring Yun Chujiu to the kitchen to report.

Yun chujiu strolled behind the disciple. The voice transmission talisman in her storage ring started to vibrate, di Beiming's voice came from inside, "Little Jiu, this venerable one will be able to reach the Shi Yuan sect tonight. Just wait for me in Peace!"
