

The Yun Family's Ninth Child is an Imp! Chapter 2718

Yun chujiu rolled her eyes. Of course, she knew why manager Liu was unhappy. He must have felt that she had fooled him and then signaled Fatty Wang to find trouble with her.

She originally thought that Leng Kui would not go to the general affairs office for a while. She did not expect him to go today. It could only be said that his luck was too bad!

Of course, this bad luck did not refer to her, but to Fatty Wang!

It was a good opportunity to use fatty Wang as an example. She finally understood that if she wanted to gain a foothold in the primordial murder sect, she would have to be ruthless if she didn't have a backer!

It would be exposed sooner or later, so she didn't plan on fooling manager Liu for long. Moreover, she had master Xiahou as her amulet. As long as it wasn't too serious, it wouldn't be a problem.

Yun chujiu thanked the disciple surnamed Ji and gave him 5,000 upper grade spirit stones.

The two sides understood each other and the disciple surnamed Ji left with satisfaction.

"Humph! What senior brother Ji, Senior Brother Dog, who is he?" Di beiming asked with a cold face.

Yun chujiu briefly explained the matter and then said, "Prince Charming, I think the killing Origin sect is much more fun than the chaos origin sect! If I see anyone who is not pleasing to the eye, I will let him go on the competition stage and kill him!"

Di beiming was still very appreciative of Yun Chujiu's domineering tone, he nodded. "That's right. If you don't like him, kill him!" "Oh right, the jade token I gave you last time has been destroyed, right?" "I got another one. Here, I'll give it to you. I'll also give you the defensive spirit tools in this storage ring."

Di beiming handed Yun chujia a storage ring. Yun chujia used her divine sense to look inside and saw that there were hundreds of defensive spirit tools in addition to the defensive jade token of an immortal tool.

“Prince Charming, where did you get so many defensive spirit items?” Yun chujia asked in surprise.

“It’s from the enemy! There will be more in the future. You can use them as you like.” A certain jiu subconsciously straightened her back, looking like she was asking for praise.

A certain Jiu was very tactful. She immediately said sweet words. A certain Jiu was being tricked to the point that she was going to fly into the sky!

“Little Jiu, if you don’t like anyone and you can beat them, then you can die! If you can’t beat them, then remember this. When I come, I will help you kill them! Where is that fatty who was in charge? I will help you kill him now!” A certain someone was addicted to being praised, he felt that he had to do something good again.

Yun chujia was touched and speechless. She shook her head. “They are just clowns. I can handle them. Prince Charming, let me tell you about what happened recently. Help me analyze it.”

Yun chujia told di beiming about what happened recently. When she mentioned that she had obtained many corpses of ancient cultivators in the asura prison, di beiming interrupted her:

“Little Jiu, I remember that you had collected a lot of remnant souls in the ancient sword tomb. Even if the corpses of those ancient cultivators were not theirs, they were still the best carriers for them to possess.”

Yun chujia slapped her thigh. She was really mystified by the situation. She had not even thought of this. It seemed that good deeds were rewarded. She had originally planned to bury these corpses properly, but there were too many things to do recently.., she had not had the time to do it yet.

Although Yun Chujiu wanted to test it out immediately, the remnant souls would be damaged once they came out. Moreover, the killing origin sect was not a suitable place, so she could only try it again in the future when she had the chance.

Yun chujiu continued to talk about the mermaid man. "Prince Charming, what do you think Brother Mermaid told me to be careful of? Is it 'blue', 'South', or something else?"
