

The Yun Family's Ninth Child is an Imp! Chapter 2722

Everyone seemed to have gone mad as they began to raise the stakes. At the end of the betting period, Yun Chujiu's name had 12,000,000 high-grade spirit stones under it, while he Sheng's had already soared to 350,000,000 high-grade spirit stones.

Elder Qi's chubby face was filled with regret. If he had known this would happen, he wouldn't have agreed to such a low percentage of shares. He would have suffered a huge loss!

However, could that little girl really win?

It was estimated that only half of the people present supported Yun Chujiu, and that was elder Qi. The reason why it was said to be half a person was because although elder Qi hoped that Yun Chujiu would win, he felt that the probability was really quite slim.

When the time for the competition was up, he sheng began to clamor on the competition stage. It was nothing more than telling Yun chujiu to hurry up and not waste everyone's time.

Yun chujiu acted as if she didn't hear him and slowly climbed up the ladder onto the stage.

When elder Qi saw this, he was instantly discouraged!

This stage was only three Zhang High. Could it be that she couldn't even jump onto the stage? How could she win? She was definitely going to lose!

Those disciples who had placed their bets cried out in excitement. They felt that they were definitely going to win! ! Although there were quite a number of people who had split the money, each of them could also split a few thousand spirit stones. Wasn't this a great deal? !

After Yun Chujiu climbed onto the competition stage, a disciple who was hosting the competition asked the two of them to sign their names on the life and death certificates. Then, he signaled for the competition to begin.

Leng Kui stood in front of the crowd with a face full of impatience. He felt that this Yun chujiu was a troublesome person. He did not know what his master was thinking, but he insisted on bringing her back. Now, she had only entered the sect for three days, and she was already forced onto the competition stage, he even had to trouble him to come over at the critical moment to save her life.

He Sheng snorted coldly. "Yun Chujiu, don't blame me for being ruthless. This is all your own doing. As a new handyman, you actually disobeyed the arrangements and even skipped work..."

"Enough! What are you wasting time for? ! Where did all this nonsense come from? ! I just don't like you and want to kill you. This is the reason why I want to kill you. Come on, let's do it!" Yun chujiu interrupted he sheng impatiently.

The onlookers below were dumbfounded. Holy Sh * t! Although Yun Chujiu's spiritual power was not high, her words were firm. Could it be that she was going to die soon?

He sheng sneered, "Good! Good! Since you want to die, then accept..."

He Sheng could not say the word "Die" because he saw Yun chujiu looking at him with a half-smile on her left hand and a stack of flame-bursting talismans in her right hand.

"Say it, why don't You Say It? "I admit that I'm a waste, but I have talismans! "I'll use the ice-condensing talismans to lower your movements and then use the flame-exploding talismans to attack you. Don't you think it's Fun? "With so many talismans, you should be able to play for a long time!"

He Sheng swallowed his saliva. "You, you're lying! It's impossible for all the talismans in your hands to be flame-exploding talismans and ice-condensing talismans."

“Is that so? Then let’s give it a try!”

As she spoke, Yun Chujiu threw two ice-condensing talismans at He Sheng. Taking advantage of the time when he Sheng’s movements were slow, she threw one flame-exploding talisman at him.

After a boom, although he sheng was not injured by relying on the defensive spiritual device on his body, he was still very scared. Moreover, Hei Xinjiu was eager to continue throwing flame-exploding talismans.

“I admit defeat! I admit defeat!” He Sheng did not care about his face anymore. His life was more important now.

“Admit defeat? Isn’t it the rule in the competition stage that one side must be acknowledged by the other side if one side admits defeat? I’m sorry, I don’t approve! I want to kill you today! It’s your fault for badmouthing me in the kitchen!”
