

The Yun Family's Ninth Child is an Imp! Chapter 2728

Yun chujju knew that she could only save herself now, so she said timidly, "I know I've made a big mistake, but at least let me say a few words, right?"

"Humph! What else do you have to say? You're just a greedy person, otherwise, you wouldn't have cheated those disciples of their spirit stones! You must have seen the value of our Jin Peak's plaque, so you got greedy, it's really hateful! "If it wasn't for the sect master, I would have slapped you to death!"The Fire Peak Master's eyes were red, he looked like he was going to eat someone.

Yun chujju shrunk her neck: "That, Mountain Master Zhao, I can understand your feelings. However, I still have to say that I did plan to steal this plaque.

"But the moment I touched it, it fell to the ground. "If I Lie, I'll be struck by lightning!"

Boom!

A purple lightning coincidentally struck Yun Chujiu.

Everyone:"..."

Yun chujju almost fainted from anger!

The Damn Lightning hadn't even struck her grandfather when she asked it to. Now that she had made a vow, it was immediately struck down. Was it intentional!

Furthermore, she wasn't lying at all! She really wasn't the one who broke the damn plaque!

“HMPH! What else do you have to say this time? ! Sect master, the evidence is conclusive. What do you think we should do?” Mountain Master Zhao said angrily.

Master Xiahou’s intestines were almost turning green with regret. If he had known that this person was a troublemaker, he wouldn’t have brought her back to the killing origin clan. But now, he could kill her, but he couldn’t kill her, and he couldn’t convince the masses. He was truly worried!

Yun Chujiu knew that Master Xiahou would most likely not kill her. However, this fellow was still extremely resentful of the broken plaque on the ground. She did not know which wicked person had done such a bad thing and actually framed her.

She had never suffered such a hidden loss before. Could it be that she could only admit defeat?

Yun chujiu saw the problem as she looked at it. She cried out, “I have evidence. I have evidence that this plaque was broken a long time ago. I did not do it!”

Everyone snorted coldly. They felt that Yun chujiu must be quibbling.

Only master Xiahou asked, “What evidence do you have?”

Yun chujiu pointed at the broken plaque on the ground and said, “This plaque should be made of high-quality materials, right? How could it break when it fell on the ground? Look at the fracture. It was clearly cut by someone with a sharp weapon. It was not broken by falling at all. “Furthermore, look at the place where it’s broken. It’s been there for a long time and there’s dirt everywhere.”

Mountain Master Zhao squatted down and picked up half of the board. Sure enough, the crack was clearly cut by a sharp weapon.

Furthermore, there was dirt on the crack. It had been broken for a long time. Otherwise, there wouldn’t be so much dirt in such a small crack.

Master Xiahou picked up the other half of the plaque and examined it. He couldn't tell whether he was happy or worried. He was happy that he had gotten rid of Yun Chujiu's suspicion. He didn't have to make things difficult for her.

He was worried about who did this plaque? What was the purpose of it? To be able to cut off the plaque and put it back under the eyes of the people of the Shi Yuan sect, it was either an insider's doing or the person's spiritual power was very high.

Just as Master Xiahou was frowning, his hand felt light. When he looked up, his old heart almost stopped!

He saw that half of the plaque was put on the ground by Yun Chujiu. Then, she took out a large kitchen knife and prepared to cut it down..
