

The Yun Family's Ninth Child is an Imp! Chapter 2735

Master Xiahou and Company were busy discussing how to save Yun Chujiu. Of course, it wasn't just for her. After all, this self-reflection cave was an important part of the sky killing sect. If it failed., how would they punish their disciples in the future?

At this moment, everyone heard a loud explosion from underground and could even feel the ground shaking.

Mountain Master Zhao roared, "Earth Dragon Flip! It must be the Earth Dragon Flip! Quick, Retreat!"

Everyone immediately fell into chaos. Master Xiahou told everyone to stay calm. Even if it was the Earth Dragon Flip, as long as they didn't get injured by the Earth Qi, they would be fine.

Only then did everyone calm down, but they were still panicking.

Although cultivators were more powerful than mortals, in the end, they were not gods. When they encountered a natural disaster like the Earth Dragon's reversal, they were powerless.

Moreover, every time the Earth Dragon's reversal occurred in the immortal essence continent, there would be a gush of earth qi. This kind of Earth Qi was very destructive. Even for a mighty figure like Master Xiahou, if he encountered a large-scale explosion of Earth Qi., it would be a disaster.

When the entire murderous origin sect heard the news of the Earth Dragon turning over, they were so scared that they quickly rode their swords into the air, ready to run for their lives at any time.

Leng Kui stood on the sword and felt that all of this was because of that disaster star, Yun Chujiu.

Thinking back to half a month ago, their murderous origin sect was so peaceful and peaceful. However, ever since that Yun chujiu came, something happened every two to three days. Now, even a natural disaster had appeared!

When Leng Kui thought of this, he looked at Master Xiahou with resentment.

Master Xiahou was trying to calm everyone's emotions. When he felt Leng Kui's gaze, he couldn't help but frown. Why did this child seem to have lost his mind recently?

At this moment, the sound of an explosion came from underground again. Everyone's heart was in their throats.

If it really was the earth dragon turning over, even if they could escape, the foundation of the murderous origin sect for tens of thousands of years would be destroyed in an instant. That would be a catastrophe for the murderous origin sect!

Peak master Mo of Water Mountain frowned. "Sect master, if an ordinary Earth Dragon turns over, it would definitely be accompanied by earth cracks. Moreover, the demonic beasts would also be terrified. However, there are no signs of such a thing happening right now. Therefore, I don't think it looks like the earth dragon turning over."

The others had also calmed down at this moment. It really didn't seem like the Earth Dragon turning over. Then, what exactly was going on? Why was there such a huge explosion underground?

Leng Kui cried out in surprise, "I know! It must be that Jinx Yun Chujiu! Isn't she trapped in the self-reflection cave? She probably used a talisman to blow up the self-reflection cave!"

Everyone's first reaction was absurd! How could someone use a talisman to blow up the self-reflection cave?

However, when they thought of the person Leng Kui suspected and her usual actions, they couldn't help but feel that this statement was much more believable.

Master Xiahou quickly took out the voice transmission talisman, "Yun Chujiu, you, what are you doing? Are you really using the talisman to blow up your self-reflection hole?"

Not long after, the voice transmission talisman began to vibrate. Master Xiahou hurriedly sent his spiritual sense into it, and Yun Chujiu's sigh came from within:

"Master, I don't want to do this either! I'm also very helpless! But I think that it's best if you do what you can yourself. Anyway, I have nothing to do, so I'll try to blow it up.

If I can get out, won't it save you guys from getting anxious? Besides, I really don't want to be trapped here for 500 years! I'm Not Sun Monkey!"
