

## The Yun Family's Ninth Child is an Imp! Chapter 2736

Master Xiahou's face was stiff. He didn't know what kind of mood he was in.

Shocked? Angry? Surprised? Curious? He couldn't figure it out. Also, what did the little girl mean by Sun Monkey? His surname was Xia Hou. She said that she wasn't Sun Monkey. Did she mean that she wasn't his granddaughter?

What a mess!

Master Xiahou calmed his emotions and said, "Everyone, don't worry. This is not the Earth Dragon turning over, it's Yun Chujiu using the talisman to blow up the self-reflection cave. Everyone, return to normal order."

Everyone was furious!

This Yun Chujiu was really too good at playing tricks! Even if she was locked up in the self-reflection cave, she could still create such a big commotion. No wonder the primordial chaos sect was eager to bring her into their murderous origin sect. Their master Xiahou was really too naive!

"Master, do you think that Yun Chujiu can really blow up the self-reflection cave? I think it's quite difficult. If it were that easy to blow up, the self-reflection cave wouldn't have existed for tens of thousands of years," said peak master Mo of the Water Mountain.

Leng Kui cursed silently at the side. That was because he hadn't met that disaster, Yun Chujiu. If he had met her, not to mention the self-reflection cave, any cave would have been blown up by her.

Master Xiahou didn't say anything. He felt that his brain wasn't enough. This day had been too exciting! He was getting old, and he really couldn't bear it.

Boom! Boom!

The sound of continuous explosions came from underground. He didn't know how many Talismans Yun chujiu had, but the explosions continued even after such a long time.

A certain jiu in the self-reflection cave had her ears tightly wrapped so that she wouldn't be damaged by the loud noise. Then, she threw stack after stack of explosive talismans on the side wall.

Finally, the barrier was broken!

There was no need to mention this guy's complacency! Did you see that? As expected, it was better to have more skills than to have more talismans prepared. It was still useful at critical moments!

This guy went to the gap of the barrier and took a look. The Rocks on the wall were just ordinary rocks. As long as Xiao Hei moved its claws, she could get out.

Just when this guy was feeling complacent, a white light suddenly flashed in front of his eyes. When he regained his sight, if he did not have a defensive spiritual artifact on him to block it, this guy would have been shot like a hedgehog!

Yun Chujiu felt as if ten thousand divine beasts were whizzing past her heart. What the F \* ck! You Can't Bully People Like That!

She had actually been teleported to another self-reflection cave. Although she did not know what level it was, judging from the strength of the spiritual power attack, it would only be higher than No. 11 and not lower than No. 11.

At this moment, Master Xiahou's voice transmission talisman began to vibrate. After Yun chujiu sent her spiritual sense in, she heard master Xiahou ask anxiously, "How is it? has the enchantment been blown up?"

Yun Chujiu wanted to cry, but no tears came out. “Master, Tell Me, how many self-reflection caves are there? I think, if I want to go out, I will probably have to blow up all the self-reflection caves.”

Outside, when Master Xiahou received Yun Chujiu’s voice transmission talisman, his body tilted and he almost fainted!

“Master, master, what happened to you? What did that disaster say?” Leng Kui held Master Xiahou and asked anxiously.

The other four peak masters also looked at Master Xiahou. They had a bad premonition in their hearts. Since Master Xiahou could lose his composure like this, something very serious must have happened.

Master Xiahou looked at the crowd with lifeless eyes and said with a sobbing voice, “The self-reflection cave is going to be destroyed! The self-reflection cave that has existed for tens of thousands of years is going to be destroyed by me!”
