

## The Yun Family's Ninth Child is an Imp! Chapter 2738

Master Xiahou was skeptical. Although he heard that the little girl was greedy, she was now trapped in the self-reflection cave. Would she extend the time for the Spirit Stones?

Master Xiahou was determined to give it a try, he took out the voice transmission talisman and asked Yun chujiu, "Well, Little Jiu, although you gave us half a day, we haven't found a solution yet. Can We extend the time? "Don't worry, I won't let you suffer in vain. The sect will give you spirit stones as compensation. What do you think?"

The voice transmission talisman soon trembled. Master Xiahou sent his spiritual sense in and heard Yun Chujiu's righteous voice:

"Master Xiahou, what are you saying? ! Do you think I'm a greedy person? Without money, can't people communicate with each other? Well, how much do you plan to give me?"

Master Xiahou almost burst into tears when he heard that, but he almost threw away his voice transmission talisman in anger. This little girl, she was greedy for money, but she had to say a bunch of high-sounding words. She was really crafty!

In the end, the two of them bargained and made a deal with Chen Shi at the price of two hours and ten high-grade spirit stones!

Master Xiahou also understood that the little girl wanted money because she was afraid that they would delay and not save her. If she really wanted money that badly, she could have asked for more.

Although they had spent money to buy time, the people of the primordial killing sect were still at a loss. It seemed that there was no other way to save Yun Chujiu except to blow up a hole.

At this moment, someone reported that Master Baili of the primordial killing sect had arrived.

Master Xiahou's mood was very complicated. Not long ago, he had gone to the primordial killing sect to watch the show. He did not expect that the tide would turn now. It was the turn of that Old Geezer, Bai Li Yin, to laugh at the primordial killing sect.

Master Baili's reason was very dignified. Yun Chujiu was also a disciple of the primordial chaos sect. When she was in trouble, the primordial chaos sect naturally could not sit idly by.

Master Baili even brought elder Jing here because elder Jing was the person with the highest attainments in formations of the primordial chaos sect.

Although elder Jing had been tormented by Yun chujiu the last time, compared to Yun Chujiu being trapped in the cave of self-reflection, he was more willing to strangle her to death with his own hands.

Master Xiahou brought the two of them to the teleportation formation in the cave of self-reflection. Elder Jing and the elders of the killing origin sect who were proficient in formations discussed how to break the teleportation formation.

Master Baili chatted with master Xiahou casually, "Master Xiahou, how come I haven't seen you for a few days? You look much more Haggard!"

Master Xiahou snorted coldly, "Why ask when you already know!" "Let's Make a deal first. When the three-month period is up, I will send this Yun chujiu back to your primordial chaos sect. "In the future, don't come to our killing primordial sect. She was originally a member of your primordial chaos sect."

Master Baili glanced at him. "Master Xiahou, this person doesn't stand by his words. We had an agreement back then that we would split the treasure we dug up with half of our family. Therefore, this Yun chujiu will be a disciple of our two sects in the future. "Moreover, I also advised you not to bring Yun Chujiu back. You didn't listen. It's too late to regret now!"

Master Xiahou was speechless. If he had known that this was a troublemaker, he wouldn't have brought her back to the Shi Yuan sect even if he had to pay for it!

He was wrong!

He should never have brought this scourge back to the Shi Yuan sect!

He was the sinner of the Shi Yuan sect!

It was easy to invite the gods, but hard to send them away. It seemed that there was no way to return this bad news bag. The only consolation was that she did not only harm their shi yuan sect, but also the Hun Yuan sect!
