

## The Yun Family's Ninth Child is an Imp! Chapter 2741

The corner of Yun Chujiu's eyes twitched violently. Was this a disguised form of grounding? In your dreams!

"Master, did I do something wrong? Why didn't you let me go around?" Yun Chujiu asked pitifully.

Master Xiahou coughed dryly. "You didn't do anything wrong, but, but, as you can see, everywhere you go, it doesn't seem to be peaceful. I'm doing this for your own good. What if something happens again?"

"Master sect leader, I can't agree with your words! First, these things are purely coincidental. Second, I didn't cause any trouble, I've made a meritorious deed!"

I Won't say much about the fire peak plaque, I'll just talk about this self-reflection cave. If I didn't test the cave, would you know that this self-reflection cave is crazy? If others were to be locked up, they might end up in it for the rest of their lives.

Besides, in order to protect my cave of self-reflection, I am willing to suffer in the cave. Oh right, master sect leader, shouldn't we calculate the Spirit Stones?" At this point, he remembered that there was still money to be confiscated.

Master Xiahou laughed, "Well, what you said makes sense. Just be careful in the future. Also, as for the spirit stones, because you blew up a cave of self-reflection, we are even. "I remember that I still have something important to do. Let's talk about it later!"

After Master Xiahou finished speaking, he left in a hurry.

Yun Chujiu: "..."

Was Old Man Xia Hou trying to renege on his debt?

When the others saw that Master Xiahou had left, they also found excuses to escape. Only Leng Kui and the few disciples guarding the teleportation array were left.

Leng Kui glared at Yun chujiu fiercely. “Yun Chujiu, if I Were you, I would stay in the dormitory obediently so that I wouldn’t cause harm to others and myself.”

Yun chujiu did not want to hang him up. She glanced at him. “What harm did I do to you? If it weren’t for me, would fire peak have made such a big discovery? If it weren’t for me, you might have been punished to reflect on yourself one day and be imprisoned for 500 Years!”

How could Leng Kui beat Yun Chujiu? He was so angry that he almost vomited blood and left in a huff.

Yun chujiu rubbed her chin and pondered. She did not dare to enter the self-reflection cave anymore. It was better to wait for the little flame nearby. After such a long time, it should be back soon.

Therefore, Yun Chujiu sat on a recliner not far from the teleportation array and basked in the sun.

The few disciples guarding the teleportation array were scared stiff. What was this Yun chujiu up to this time? What was she doing there?

While Yun Chujiu was resting with her eyes closed, she sensed the little flame getting closer and closer with her spiritual sense. She was afraid that the little flame would be discovered by the disciples, so she quickly found a slightly remote place.

Just as the little flame was looking around, a red light jumped into her right palm.

The Little Flame was afraid of being discovered, so it quickly returned to its own courtyard.

Although the little flame was not very intelligent, Yun chujiu could still feel its excitement. When it entered the house, the Little Flame jumped out from its right palm and floated in front of Yun Chujiu.

Yun chujiu guessed and understood what the little flame meant.

It meant that it had found several thousand-year-old fire pith and fought with them for a long time. In the end, it won.

Yun Chujiu had a flash of inspiration. The place where the thousand-year-old fire pith was found was most likely near the formation plate. Could it be that the formation plate had a seizure because it was affected by the Little Flame and the others?
