

## The Yun Family's Ninth Child is an Imp! Chapter 2743

The female disciple saw the talismans in the two baskets and subconsciously took a few steps back. Didn't they say that Yun chujiu used a lot of talismans in the self-reflection cave? Why were there so many? Did she bring all the talismans from her shop?

A hawk-nosed person next to the female disciple said disdainfully, "Yun chujiu, what kind of ability do you think you can rely on talismans? ! If you have the ability, don't use talismans. Let's use spiritual power to compete."

Yun chujiu looked at the hawk-nosed disciple as if he was an idiot. "Are you out of your mind? If I have talismans, why don't I use them? What? Do you want to fight on behalf of your beloved? Sure, you can too. Let's go. Follow me to the competition stage."

The male disciple shook his head like a rattle-drum. What a joke. He was not stupid. If he went up, he would be looking for trouble. He would not go!

Yun chujiu pointed at the other male disciples. "If he doesn't go, do you guys want to go? Anyway, I'm very bored now. I'll let you guys experience the power of the talisman seal."

The male disciples looked around but did not look at Yun Chujiu. Clearly, they did not want to bring trouble upon themselves.

"TSK TSK, that little guy. I feel sad for you. You said that your admirers are more cowardly than one. "Then, it's you. Let's go and play on the competition stage!" Yun Chujiu hooked her finger at the female disciple.

The female disciple bit her lips and ran away with her mouth covered.

The male disciples glared at Yun Chujiu angrily and followed behind her, calling her junior sister Shanshan. Apparently, they were trying to curry favor with her.

Yun chujia looked away and looked at the servants.

When the servants saw that the inner disciples had been scared away, how would they dare to stop them? ! They hurriedly removed the guardrail and said with a smile, "Junior Sister Yun, we are also following orders. Please show mercy and spare us!"

Yun chujia curled her lips. "Who is that Ugly Freak?"

The corners of the servants' eyes twitched. One of the servants replied, "That is Qu Shanshan, an inner disciple of our wood peak."

"Just an inner disciple? What kind of backing does she have?" Yun chujia did not think that an inner disciple would dare to do such a thing.

"Her biological brother, Qu Quan, is the true disciple of Mountain Master Ren. Therefore, we don't dare to offend her." One of the servants said submissively.

"Is that all? What else? Why is she targeting me?"

"This, this is just a guess. I heard that Qu Shanshan has always been in love with senior brother Leng Kui. Recently, someone said that junior sister Yun is very close to senior brother Leng Kui. I guess she is jealous."

Yun chujia was baffled! She was close to Leng Kui? They did not like each other, okay? This was an unexpected disaster!

Yun chujia gave a few perfunctory words to the servants before entering the wood peak.

The disciples of the wood peak basically all had wood element spiritual roots, so the scenery of the wood peak was very beautiful. As Yun chujiu strolled around, she forgot about what had just happened.

However, no matter how beautiful the scenery was, after seeing it for too long, she would get tired of it. Just as she was about to go to the neighboring water mountain for a stroll, she saw many disciples of the wood peak running towards a direction in a hurry.

Yun Chujiu's eyes immediately lit up. According to her experience, the places where people gathered were either lively to watch or had treasures.

No matter which one it was, Yun chujiu would naturally not miss it. She also followed the crowd and ran forward.
